For Sale—A few Poland China bred sows.—O. P. Witt, Broadlands, Ill.

We feel that the various lodges, clubs, church organizations, and others, should appoint some one to report their various social functions to The News. We do not know of these happenings, unless told of them, and we would appreciate it if given the facts by some representative. It always makes interesting reading for the public.

"Cat and Canary" A Mystery Story

Everyone who has taken an interest in attempting to solve mysteries is promised the thrill of a lifetime when "The Cat and the Canary" appears at the Broadlands opera house on Friday and Saturday nights, Feb. 17 and 18.

"The Cat and the Canary," a Universal production with an all-star cast headed by Laura La Plante, is said by those who have seen it to be by far the most mysterious mystery ever filmed.

Six people, three women and three men, go with an attorney to a supposed haunted house to hear the reading of a will. The attorney is murdered—each of the six persons might have done the killing.

Which one of them it was—if any—is undiscoverable until the final scene.

State Infested With Mad Dogs

Springfield, Feb. 13th.—Infested with mad dogs, Illinois has a serious problem of rabies on her hands that won't wait till "dog days" for solution. This was the declaration here today of Doctor Isaac D. Rawlings, State Health Director, who pointed out that last year marked the state's worst experience with hydrophobia and that the situation appears to be growing gradually worse. Seven persons died of rabies during 1927, a figure higher than that for any other year on record and greater than that for the five preceding years combined. The 409 positive tests of dogs heads made in the public health laboratories of the state were nearly as many as for the preceding five year period and indicated wide prevalence of hydrophobia among the canine family.

"Threatened at four points, Illinois is in danger of a serious epidemic of rabies that is liable to cause significant economic loss especially of cattle and other domestic animals, and considerable suffering and death among humans," Doctor Rawlings said.

Contrary to popular opinion rabies is far more prevalent during the spring months than in August and September. Cattle turned out for early spring grazing will be in particular danger from roving rabid dogs.

Dogs are responsible for spreading hydrophobia. Prevention and control depends, therefore upon managing that domestic animal. The most reliable control measures are the muzzling of all valuable dogs and the destruction of ownerless wanderers.

Dogs which bite people should not be killed when avoidable but should be kept under close observation of a doctor or veterinarian. Persons bitten by dogs, whether rabies is suspected or not, should have prompt medical attention. Bulletins giving detailed information concerning rabies are available from the State Department of Health at Springfield.

Those from Broadlands attending the Dana-Terre Haute basket ball game at Sidell last Wednesday night were George Dohme, Rev. E. Busekros, Kenneth Allen, Otis Rayl, Kenneth Dicks, Virgil Reed, Ralph Warner, and James Handley. The score was 29 to 38 in favor of Terre Haute.

Revival Meetings Begin Sunday

The revival meeting will begin at the local Methodist church, on Sunday night, Feb. 19. The meetings will continue for two weeks, and Rev. C. M. Temple the pastor, will do the preaching.

Rev. Temple is a splendid sermonizer and our citizens should avail themselves of the opportunity to hear some real gospel sermons during these meetings. The subject for next Sunday night is "Confusion and Certainty."

The services will begin promptly at 7.15 o'clock each evening and the general public is invited. See large ad in this issue for list of subjects.

Hickman To Be Hanged In April

Los Angeles, Calif., Feb. 14.—William Edward Hickman today was sentenced to death for the kidnapping and slaying of Marion Parker.

The execution was set for Friday, April 27.

"For the crime of murder" Judge J. Trabucco read in pronouncing sentence, "the offense described in count two of the indictment, you shall suffer the penalty of death."

"It is the judgment of the law and the sentence of the court that you, William Edward Hickman, for the crime which you have been convicted, to wit: murder in the first degree, that you be delivered by the sheriff of Los Angeles county to the warden of the state prison at San Quentin, to be by him executed and put to death on Friday, April 27, 1928, in the manner provided by the laws of the state of California, and may God have mercy on your soul."

The prisoner, who had stood erect to hear his sentence pronounced, dropped heavily into his seat after the last word fell from Judge Trabucco's lips.

Hickman was pallid and he appeared grave as he was led from the court room. However, ten minutes after the brief procedure was finished, he was smiling as he returned to pose for news camera men in the court room.

Many Thousands Pledge Governor Small Support

Springfield, Ill., Feb. 14.—Formal announcement of the candidacy of Governor Len Small for renomination before the April primaries has been received with much enthusiasm over the state. Announcement of the opening of campaign closely follows action of the supreme court in sustaining the primary law passed during the last regular session of the state legislature.

From all sections of the state have come congratulatory messages to Governor Small, together with pledges of heartiest support. Many of these pledges have come from unexpected sources and indicate a strength heretofore not counted upon.

Coincident with the launching of the campaign, announcement was made of complete harmony of the Thompson organization with campaign platform, with the pledge of fullest support. This announcement was received as a severe shock by forces opposing Governor Small and who for several weeks have been seeking to delude themselves and the general public as to the real situation. It brought to them a realization of the weakness of the skeleton structure which they have set up, and the lost cause to which they have been seeking to gather support.

Nominating petitions have been placed in circulation in various centers in the state. Requests for blanks have come from many other sections, indicating the desire of thousands of qualified voters to place their names on petitions. It is expected the petition will be filed during the present week. Work of the campaign will go forward rapidly, with the primary date but eight weeks away.

Workers in a number of state departments, not affiliated under the administrative code, and regarded as independent in political sympathies, were among the first to interest themselves in the circulation of petitions for Governor Small, and report their departments as one hundred per cent in support accorded.

Smith Resigns; Is Again Named

Springfield, Ill., Feb. 14.—Senator Frank L. Smith, Dwight, barred from the seat to which he was elected in the United States senate, by dictatorial action on the part of members of that body, has placed the question of his eligibility and fitness squarely before the voters of the state.

With the tender of his resignation to Governor Len Small, acceptance was followed by reapointment and issuance of a call for a special primary to place in nomination a candidate to be voted on at the November election to fill the vacancy. Senator Smith will be a candidate for the nomination and re-election and it is forecasted will receive an even larger vote than in the previous election.

Senator Smith will immediately present his credentials to the senate under the appointment.

Chicago's "Lindbergh Light" Very Bright

Chicago—Aviators 250 miles distant from this city will be able to see the 'Lindbergh Light' which will be erected on the top of one of the city's tallest skyscrapers this spring by the Chicago aero commission, for operation commencing early in the summer.

Several buildings have been offered for the erection of the beacon. The one selected will be surmounted with a steel tower to carry the light which will be 610 feet above street level. The beacon will have a lens 63 inches in diameter and will project a beam of light of several billion candle power, the intensity of which will exceed that of the sun at noon on a clear day. It will be operated by electricity.

The Joys of an Editor

Getting out this paper is no picnic.

If we print jokes people say we are silly;

If we don't they say we are too serious.

If we clip things from other papers

We are too lazy to write them ourselves.

If we don't we are stuck on our own stuff.

If we stick close to the job all day,

We ought to be out hunting news,

If we go out and try to hustle,

We ought to be on the job in the office.

If we don't print contributions,

We don't appreciate true genius

And if we do print them, the paper is filled with junk.

If we make a change in the other fellow's write-up, we are critical,

If we don't we are asleep.

Now like as not some guy will say,

We swiped this from some magazine.

We did.

Non Advertisers Fail

Ample statistics have been published from time to time to demonstrate that among businesses which fail, the vast majority are those which have refused to avail themselves of the benefit of advertising.

A check of the records of the Federal bankruptcy courts in Los Angeles has just disclosed that 92 per cent of all the firms which failed last year were non-advertisers. The average for 32 cities covered by a survey was 83 per cent of failures occurring among concerns which did not advertise.

There is a significant hint in these figures for the business man who is wise enough to profit by it.

Fifty-Fifty

After all is said and done, life here on earth is just a game of "give and take." If we are not willing to take a joke we should not give one. If we are not willing to allow others their opinions we should never express our own. If we want folks to love us we should love them. This world is full of goodness if we look for it. And if we look for trouble we are pretty sure to find it. The sweetest pathway of life is the path of service and not selfishness, the path of love and not hate, the path of forgiveness and not of revenge.

BANKERS HELP OUT

The Oklahoma Bankers Association for the past twelve years has financed through its five groups ten scholarships in the A. & M. College at Still water. The winners are chosen by the Extension Department of the college on the merits of the club work done by the boys and girls over a certain period of time. The groups of the association finance the first year of the winner's college work.

The president of a national bank in Fayetteville, Arkansas, has been credited with doing more for the farmers of his section than any other man. His work has consisted of introducing pure bred Holstein cattle into his county, helping employ a county agent, donating prizes to boys and girls in club work, and distributing better seed.

Here are some of the things accomplished in Randolph County, Ark. with the help of bankers last year: forty-three purebred gilts were bought at a reasonable price and placed with boys and girls, on notes; three thousand eggs from high producing hens were distributed with the idea of developing flocks of at least one hundred hens on every farm; four purebred Jersey bulls whose dams had a record of over 700 pounds butterfat, have been purchased by the banks and will be paid for out of service fees.

Sunday School 'Lesson'

(By REV. P. R. FITZWATER, D.D., Dean Moody Bible Institute of Chicago.)
(©. 1928, Western Newspaper Union.)

Lesson for February 19 TWO MIRACLES OF POWER

LESSON TEXT—Mark 4:35-5:20.
GOLDEN TEXT—What manner of man is this that even the wind and the sea obey him?
PRIMARY TOPIC—Jesus Stills the Storm.
JUNIOR TOPIC—Jesus Rules the Storm.
INTERMEDIATE AND SENIOR TOPIC—The Universal Power of Jesus.
YOUNG PEOPLE AND ADULT TOPIC—Jesus' Power over Nature and Human Life.

1. Jesus Calms the Sea (vv. 35-41).
1. Crossing the sea (vv. 35, 36).
Wearied by teaching the multitudes, He proposed that they take ship at evening time to the other side of the sea, doubtless to escape from the throngs of people.

2. Overtaken by a storm (v. 37).
Even though Jesus was in the boat with the disciples they were overtaken by a storm. It is not God's will that we should escape the storms, but those who have Christ on their boat are safe because that boat cannot go down.

3. Jesus asleep in the storm-tossed boat (v. 38).
In the midst of the turbulent elements He was resting in sleep. The day had been a very strenuous one and He was weary. He who made the sea could well lie down and sleep, though the storm violently raged.

4. The terrified disciples (v. 38).
In their minds nothing but disaster and death awaited them. They were not only terrified, but they chided Jesus for sleeping while they were in such great danger.

5. Christ's rebuke (vv. 39, 40).
(1) The wind (v. 39).
This showed the Lord's mighty power to control the forces of nature.

(2) The disciples (v. 40).
He rebuked them for their lack of faith. He showed that they were looking upon their circumstances instead of upon their Lord.

6. The effect upon the disciples (v. 41).
They were filled with great fear. A little while ago they were afraid in the face of the storm; now they are afraid in the presence of the Lord.

II. Jesus Heals the Gadarene Demoniac (5:1-20).
After the stilling of the tempest, Jesus crossed to the other side of the sea into heathen territory.

1. Met by a demon possessed man (vv. 1-6).
This man was in a desperate condition. He was so fierce that no one could safely pass that way. He wore no clothes (Luke 8:27). No chains were strong enough to hold him and no one was able to tame him. In the night time his hideous cries could be heard while he vented his rage by cutting himself with stones. Many today are demon possessed. Much of the insanity of the age is traceable to this cause. As the coming of the Lord draweth nigh these things will increase (I Tim. 4:1).

2. What the demons knew about Christ (vv. 7-9).
They knew that He was the Son of God and that He had come to destroy the devil and his works. Among the demons there is no doubt as to the deity of Christ and the judgment to come, though we have many theologians and preachers who say they do not believe it. The devil blinds their eyes so they cannot understand (II Cor. 4:4).

3. Christ's power to deliver from the devil (vv. 10-13).
He cast out the demons from the man (v. 8). The demons quail before Christ, not daring to dispute His power, so they begged to be permitted to enter the swine. As soon as the Lord issued the permit, they hastened away to hurl the swine to destruction.

4. The effect upon the people of the city (vv. 14-17).
The keepers of the swine fled to the city and made report of what had occurred. This miracle brought the people out, but when they realized the loss of their hogs they besought Him to leave their coasts. They cared more for their hogs than for Christ and the cure of this man. These Gadarenes have many successors today.

The man who was healed sent home to testify (vv. 18-20).
No doubt it would have been safe and pleasant to abide with Jesus, but his friends needed his testimony. The best witness for Christ is one who has been saved by Him. The best place to begin that testimony is at home where one is known best.

Let Christ Do It
Christ can develop us far better than we can develop ourselves. Suppose we let Him do it.—F. B. Meyer.

Holy Spirit Must Lead
If God is going to have control of your life, then the Holy Spirit must be able to lead you.—War Cry.

Stilling the Inner Voice
A good deal of the world's noise is made for the purpose of stilling the inner voice.—F. B. Meyer.

What of Time?

Time is a most valuable moment. It is so valuable God only intrusts us with a moment of it at one time. Time waits on no one. James says of our life, "It is like a vapor, it is soon gone." Then how should we use the time that God has given us? If everybody should use their time like I use my time, what kind of a country or town would we have? Listen, dear friends, let us make our town a place of honor and a place worth while to live in.

The church and its influence is the hope of our future good and happiness. Why not every one help in this work for honor, time waits for no one. It passes swiftly by so what are you going to make of your time? This is a question for all to answer.

W. A. Coolley purchased a fine team of horses from Wm. Henry, the Indianapolis horse buyer, on Monday. He also purchased a new set of harness from our local dealer, Mr. Wm. Hayes, whom he thinks makes the best harness to be had.

No Farm Sales

As yet there have been no farm sales in this vicinity this winter. To our knowledge there never has been as many sales here as elsewhere. Why is this? One reason is that a great many of our farmers run their farms instead of hiring tenants. This fact certainly speaks well for the Broadlands community and tends to prove that our farmers are better contented than those of some of our neighboring communities.

Ship Live Stock

The A. & R. Shipping association shipped 67 head of hogs and 2 veal calves to the Producers' Commission association at Indianapolis on Thursday, Feb. 9. Following are the names of those who furnished stock for the shipment: Adolph Bretz, Merle Crain, Elmer Frick, Mrs. Anna Poggendorf, Ira Laverick, Marion Young, Henry Wiese & Son, Herman Struck, Jr., Henry Kilian, Jr.

The Phalen Sale

Broadlands was well represented at the Phalen sale which was held on the Allerton Farm, north-east of Allerton, on Thursday, Feb. 9. The sale was one of the largest ever held in this community and was largely attended. The horses brot an average of \$160 a head; the highest price paid for a horse was \$225. The cattle brot an average of \$105 a head; the highest price paid for a cow was \$165. Eleven yearling heifers brot \$78 a head. Ten Shorthorn calves brot \$45 a head. The receipts were \$9,800.

Broadlands farmers made purchases as follows: Alfred Zenke, two 3 year old colts; Chas. A. Smith, four Shorthorn cattle at \$95 a head; John Bahlow, one Shorthorn cow at \$110; Hans Biesterfeld, one Shorthorn cow at \$105; Wm. Zenke, one 4 year old horse.

F. D. Lewis Petition Filed

The petition of F. D. Lewis of Tolono as candidate for delegate to the National Nominating Convention of the Republican party was sent to the Secretary of

State for filing Monday morning, February 13. This office will be voted for at the primary election to be held April 10, 1928.

Mr. Lewis was endorsed by the legislative committees of the eight Farm Bureaus in the 19th district at a meeting held in the Decatur Farm Bureau office on Feb. 8, as a man who will "stand pat" for the nomination of a man favorable to agriculture for President of the United States.

Raymond Corn Meeting

The corn meeting of the Raymond Farm Bureau unit will be held in the Town Hall on Friday, Feb. 24, beginning at 10 a. m. The committee on arrangements to get out notices, arrange for tables, etc., is Wallace Warnes, Henry Kilian, Jr., Russell Smith and P. T. Madigan. The committee to arrange for the dinner and a short program of entertainment and talks is composed of John Warnes, Ed Nohren, and John T. Seltzer.

Two Day School For Poultry Leaders

Incubation brooding and rearing, housing, feeding for production, breeding for production, and disease control will be among the subjects studied by the Farm Bureau unit leaders in the poultry project at the Farm Bureau office Monday and Tuesday, Feb. 20 and 21. The school will be held from 9:45 a. m. to 3:15 p. m. both days.

Sixty-five percent of the poultry raisers in the county have to sign up for this testing before the county can get it. It will be free of charge by the State and the first six counties that sign up get the service. Blanks for signing are in the Farm Bureau office.

Farm Bureau Protests Propaganda

The Farm Bureau tax committee through Roy Douglas, President, entered a formal protest in a joint meeting with the county Board of Review on Saturday, against propaganda which they charged is being spread against reassessment.

The tax committee claimed that the reassessment is not being carried out and said they would take the matter again before the Illinois Tax Commission if it were not done. They offered their cooperation in any movement toward reassessment and stated their impatience with delay.

At a meeting of the taxation project leaders of the Farm Bureau Saturday morning in Champaign a formal organization was made, headed by a county committee consisting of W. Z. Black, St. Joseph, chairman, C. V. Swanson, Ludlow, secretary, Ed. Armstrong, Tolono, Allen Sadoris, and George Ersig, Urbana, and Dr. J. I. Groves, Champaign. Roy Douglas, President is ex-officio member of the committee.

They are watching every move of the tax reassessment very carefully. John C. Watson, tax expert of the Illinois Agricultural Association was present.

Smile Awhile

Why do married men live longer than single ones?
They don't, it only seems lodger.

Since Henry and Edsel have made a lady out of Lizzie, will General and Mrs. Motors make a sheik out of Chivvy?

Mrs.: When I married you I was a fool.
Mr.: Well, I don't see as you have changed any.

Marie—Are you going to put up any mistletoe?
Beatrice—The boys who come to our house don't need any.

Teacher: Can you tell me, John, where shingles were first used?
Johnny: Yes'm, but I'd rather not.

Why are an old maid and a rooster similar? Rooster says cock-a-doodle-do and an old maid says any-old-doodle-doo. (dude will do.)

He: What are the last three hairs in a dog's tail called?
She: Well, truthfully, Jack, I don't know. You tell me.
He: Why, dog hairs.

I vant some powder.
Mennen's?
No, vimmens.
Scented?
No, I vill take it mit me.

Why is marriage such a hard proposition?
Because it takes grit to propose sand to go through the ceremony, and rocks to support a wife.

Prof.—Now, boys, I'll put the number seven on the board, what number comes immediately into your minds?
Class in unison—eleven!

Teacher: Tommy can you tell me what a waffle is?
Tommy: A waffle is a pancake with nonskid tread so it won't slip off your plate.

Doctor, asked the invalid, don't you think a change to a warmer climate would do me good?
Heavens, man! replied the doctor, that's just what I'm trying to save you from!

Mr. Newlywed—Good gracious, dear, what a long pie. It surely is too big for just two.
Mrs. Newlywed—I'm sorry Carl but I couldn't get any shorter rhubarb anywhere.

Hello, Jimmy, where are you going?
I'm going home. Ma is going to spank me.
But why are you in such a hurry?
Because if I don't get home soon, pa will be in, and he'll do it.

The superintendent of schools, wishing to test the powers of composition existing in a class of eight-year-olds, requested that three sentences be written, each containing one of the three words 'bees' 'boys' and 'bear.' A small girl concocted the following sentence: 'Boys bees bare when they go in swimming.'

There was a very stingy man. When he died they put upon his monument this inscription:
Here lies his old ten per cent;
The more he made the less he spent.
The more he got the less he lent.
He's dead, we don't know where he went;
But if his soul to heaven has went,
He'll own the place and charge them rent.

A Tough 'Un

He: My razor doesn't cut at all.
She: Why, Charles, you don't mean to tell me that your beard is tougher than the oilcloth I cut with it this morning.

Ain' It So?

Teacher: I have went. That's wrong, isn't it?
George Fay: Yes, ma'am.
Teacher: Why is it wrong?
George: Because you ain't went yet.

Just As Good

The force was out to lunch leaving the bookkeeper alone in the store. A handsome young chap strode in. Do they keep automobile accessories here, he asked?

The little book keeper smiled her sweetest. Only me, she replied.

Innocence Abroad

I tell you I won't have this room, protested the old lady to the bell boy. I ain't going to pay my good money for a pig-sty with a measly little folding bed in it. You think jest becuz I'm from the country—

Disgusted, the boy cut her short, get in, lady, get in. This ain't your room. This is the elevator.

Bores For Water And He Gets Gas

Savoy, Feb. 14.—While boring for water in his farm house well D. E. Burrill yesterday struck natural gas, which when touched with a match, burned steadily with a three foot flame.

The well is 130 feet deep, and the boring cylinder is down now 75 feet, and it is thought the gas is escaping somewhat below that. Mr. Burrill is considering whether to make use of the gas in his home and bore a new well for water.

Lives In One Room With Seven Wives

Uzumlu, Turkey.—One of the world's large families has been found in Uzumlu living in a one room shack. It consists of a 50 year old peasant, Agha Faoha, his seven wives, and twenty-three children. As the new law abolishing polygamy is not retroactive, the peasant's first four wives will be left to him. He will be required, however to divorce the last three, who are the youngest and the best looking.
