

News Items of 12 Years Ago

Mr. and Mrs. John Rayl moved to Danville.

Members of the St. John's Aid entertained their husbands at the Emil Schumacher home.

Lloyd Cable of Broadlands and Miss Grace Fieldbinder of Longview were married at Danville.

The Schumacher and Kilian families enjoyed an outing and picnic dinner at Homer Park.

Members of the Methodist church gave a surprise for Rev. and Mrs. W. D. Russell who were leaving Broadlands.

Albert Cummings of Broadlands and Miss Ruth Lewis of Indianola were married in Danville.

O. P. Witt and W. H. Mast & Sons held a hog sale. Fifty-seven hogs were sold bringing an average of \$30 a head.

Allerton High School News

JESSIE R. WITT, REPORTER.

Report cards were given out last week.

The Senior class play "Where's Grandma?" will be given in the High School gym on Friday night May 11, at 8 o'clock.

Alyce Maxwell and Weldon Harby both placed second in the literary contest held at Indianola last week. The other contestants did not do so well.

The Allerton track team well represented the school Saturday at Metcalf in the Ocoee track and field meet. Out of the seven schools entered Allerton tied for 3rd place with Longview, making a total of 21 points.

Lundy took first place in the 220 yard dash. Dunn placed second in the mile and half mile; Sigmon placed third in low hurdle, while Seeds placed third in high jump, and Elders placed second in the shot put.

Indianola came over Monday evening for a short practice. No points were counted.

G. T. Club Meets at Home Mrs. Edna Struck

The G. T. Club was entertained at the home of Mrs. Edna Struck with Mrs. Leona Bergfield assistant hostess on Thursday evening of last week.

During the business session the following officers were elected:

President—Mrs. Irene Wiese.
Vice-President—Mrs. Maude Fitzgerald.

Secretary—Mrs. Gladys McClelland.

Treasurer—Mrs. Eva Boyd.
Following the business session the afternoon was spent in playing 500, Mrs. Edna Telling holding high score. Refreshments were served.

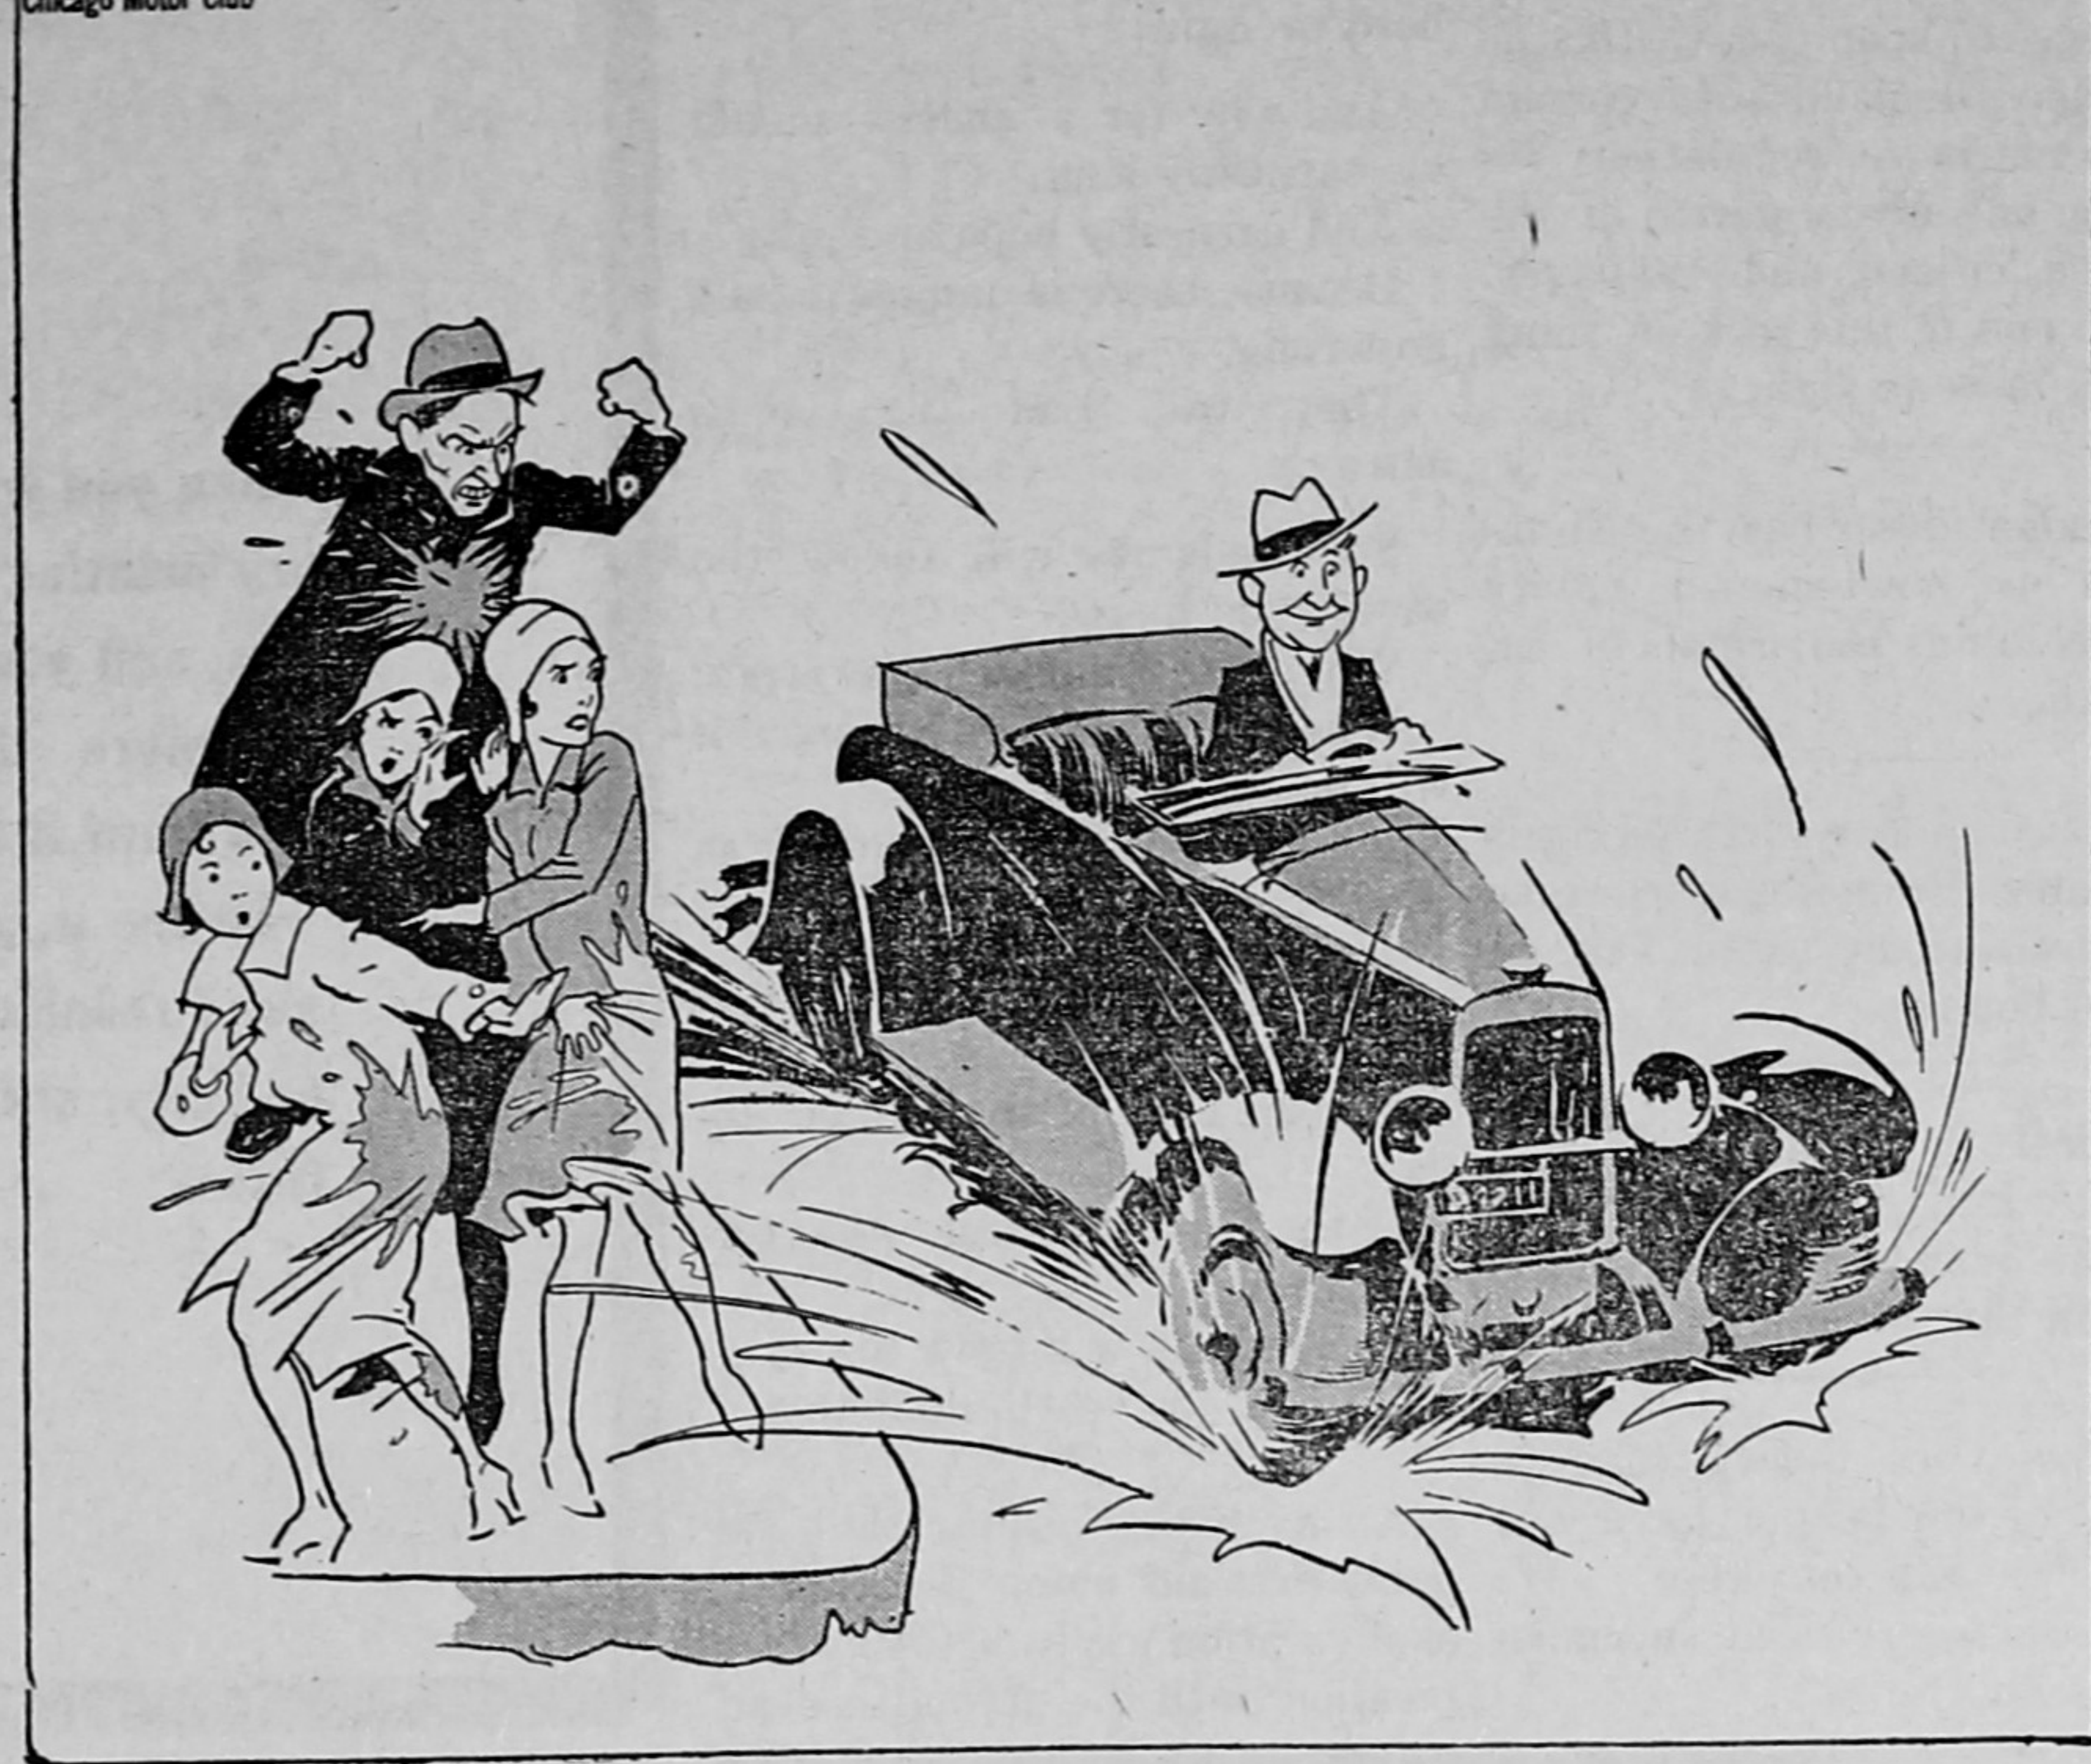

The May meeting will be held at the home of Mrs. Gladys McClelland.

Those present were Mesdames Bessie Loomis, Hattie Zenke, Eva Walker, Mary Rayl, Ella Maxwell, Edna Dicks, Ruth Richard, Mary Fitzgerald, Frank Frick, Ora Brown, Mr. and Mrs. George Walker, Mr. and Mrs. Roy Richey.

Broadlands High School News

WARREN RICHARD, REPORTER.

The Broadlands boys brought home something to crow about in the track meet at Gifford, Tuesday. Billy Zenke led the team with two first places under his belt. Following are the results of the meet:

Mile—Billy Zenke, 1st, 5 Pts.; Wayne Brewer, 3rd, 1 Pt.

Shot Putt—Lewis Noblitt, 4th. 440 yd.—Wayne Brewer, 2nd, 3 Pts.

High jump—Walter Schumacher, 1st, 5 Pts.; Max Seeds, tie, 3rd 1½ Pts.

Broad jump—Max Seeds, 2nd, 3 Pts.

Pole vault—Max Seeds, 1st, 5 Pts.; Wayne Brewer, 2nd, 3 Pts.

Half-mile—Billy Zenke, 1st, 5 Pts.

Relay—Billy Zenke, 1st, 5 Pts. Total points, 36½.

Billy ran the mile in 5.12, a little less than the Trian record. He also ran the half-mile in 2.23. Camargo took second place with 22½ points, and Ludlow took third place with 20½ points.

Local Student Wins Honors In County H. S. Contests

Wayne Brewer of the Broadlands high school and Anna Harden of the Longview high school tied for first place in numerous reading in the Champaign County scholastic contests held at Mahomet on Thursday night of last week. James Beatty of Longview won first on extemporaneous speaking, and Evelyn Dennis of Homer won first in the girls' vocal solo contest.

Local people attending were Geo. H. Cook, Mr. and Mrs. D. P. Brewer, Miss Merle Brewer, Herschel Bruhn.

D. of K. Class Meets at Home Mrs. Doney

The D. of K. class of the Methodist Sunday School met at the home of Mrs. Nanny Doney on Wednesday evening, April 18th.

A pleasant social evening was enjoyed, Mrs. Ida Messman and Mrs. Bertha Cook being prize winners in contests.

Refreshments of fruit salad with whipped cream, angel food cake and coffee were served.

Those present were Mesdames Helen Dalzell, Edna Dicks, Mary Dicks, Ida Messman, Ruth Richard, Grace Schechter, Pearl Dewitt, Clara Smith, Helen Ward, Bertha Cook and Nanny Doney.

Fred. H. Wood New Committee Chairman

Fred H. Wood, editor of the Sidney Times, newly elected Champaign County Republican Central Committee Chairman, has selected his committee heads for the fall campaign with the cooperation of Ben M. Price, secretary-treasurer for the organization, and other county leaders.

The group is a representative one, embodying both city and county as well as old and young leadership. The various chairmen have been notified of their selection and will announce the personnel of their own committee within the next few weeks.

D. J. Holterman, Sadorus, executive committee; George Meharry, Tolono, campaign committee; and Charles Dale, St. Joseph, publicity committee, are the three men from outside the Twin Cities named to head committees.

Other committee chairmen are as follows: advisory, Dr. C. Geo. Appelle; judicial, Julius Hirschfeld; organization, H. R. Bresee; finance, Enos L. Phillips; service men, Maj. Kenneth Buchanan; auditing, Earl Harrington; and first voters, Glenn W. White.

Five of those named to chairmanships are serving for the first time. They are Meharry, Dale, Hirschfeld, Bresee and Harrington.

Longview High School News

DECEMMA MARTINIE, REPORTER.

The County track meet will be held at Rantoul, Friday, May 4.

On Monday Mr. Jarman received the plaque for first place in the Ocoee Literary Contest.

The results for Long View in the County Literary Contest were: Anne Harden, humorous reading, "Good-Bye Sister," first.

James Beatty, extemporaneous speaking, "Century of Progress," first.

Rachel Davis, dramatic declamation, "No Greater Love" third.

In the Ocoee Track Meet held at Metcalf on Saturday, April 21, Gerald Gaines and Herschel Bruhn broke the record in high jumping. The results of the meet were:

Metcalf, first place, 30 points.
Homer, second place, 21½ points.

Long View, third place, 21 points.

The Spring Concert will be held Wednesday evening, May 9th, at the Long View High School gym, at 7:45. This concert is a culmination of the year's work in the music department. There will be piano solos, vocal solos, dramatic and humorous readings, and some selections by the boys' quartet. Everyone is invited to attend.

A New Antiseptic

What is declared to be one of the three outstanding medical discoveries of the past decade is a new antiseptic, said to be 70 times as effective as carbolic acid, yet so innocuous that "a baby could drink all its stomach would hold and be unharmed."

The new product, which is a pain reliever as well as an antiseptic, was discovered by Dr. Zeader Leonard of John Hopkins University, and is described as a synthetic organic chemical having its origin in the glands of a goat.

The fact that the announcement of the new discovery comes from such a trustworthy source indicates that it may prove to be a most valuable contribution to the relief of suffering humanity.

Cruelty to Animals

Many persons appear to have an inclination to cruelty, especially towards animals, upon which they inflict needless suffering without the slightest pity. In fact, some seem to take a fiendish delight in the agonies of unfortunate creatures.

To one of normal sensibilities it is hard to explain this sort of depravity, which is often found among children, as well as older persons. It must be a manifestation of animal instincts handed down from savage and brutal ancestors.

Cruelty to animals indicates a certain baseness, which usually includes cruel propensities towards human beings, which are only repressed through cowardice.

Children should be taught early to avoid practices which tend to make them callous to the agonies of helpless creatures. It should be explained to them that when it is necessary to kill animals for food or for the safety of human life, it should be done as swiftly and humanly as possible; never with a desire to inflict pain.

Teachers in schools and Sunday schools might do a great deal more than is being done now in the way of humane education, while parents should especially observe and endeavor to correct tendencies toward cruelty on the part of children.

Witchcraft in 1934

Recent news reports of "witchcraft murders," in which the victims were killed because they were supposed to be exerting evil influences upon their neighbors, have again brought to light unbelievable prevalence of superstition in this land of civilization.

Investigations pursued in consequence of these killings have revealed that in certain sections the belief in witchcraft and magic is as common as that which prevailed during medieval times in Europe, or among African natives of the present.

One of the murders recently reported was committed in order to obtain possession of a "magic book," in which was printed: "Whoever carries this book is safe from all enemies; can not die, nor be drowned in any water, nor burn in any fire," and so on.

It is estimated that in the United States not less than 20,000 professional "priests and priestesses" of voodooism, fortune-telling, and other charla-

tantry make a living by playing upon the ignorance and credulity of superstitious people. They even number among their dupes many people of wealth, education and social prestige. There is no accounting for how they get that way.

But, the fact remains that in this good year 1934, America is a land of automobiles, airplanes, radio—and belief in witchcraft.

Public Funds Wasted

A classic illustration of the habitual waste of public funds at the behest of bureaucrats and their congressional supporters was presented by Senator Fess of Ohio, in referring to the valuation bureau of the Interstate Commerce Commission.

This bureau was organized in pursuance of an act of Congress approved March 1, 1913, for the avowed purpose of determining the value of all railroad property in the United States, in order that such valuation might be used for rate making purposes; also to disclose whether the railroads were paying dividends on watered stock.

Referring to this 21-year-old bureau, Senator Fess said: "To date the bureau has accomplished almost nothing and the cost has been upwards of \$100,000,000. It is true that the bureau has placed valuations on many of the railroads as of the year 1914, but what good does that do us in 1934, when so many changes have taken place that the old

valuations are useless?"

The hundred million of expense noted by the senator refers only to the cost of government. Even greater expense has been placed upon the railroad lines themselves, through requiring them to furnish massive volumes of data which were obsolete almost before they could be finally compiled. All of this expense was ultimately borne by the public, either through taxation or railroad rates.

Still new bureaus are created and the old ones are extended by Congress, to keep pace with the insatiable demand of certain groups for more regulation, inspection and investigation of the harassed citizen and taxpayer. And no end to this sort of thing appears to be in sight.

A student describes the stomach as a bowl-shaped cavity which contains the organs of indigestion.

Proposed rubber-surfaced roads will enable the motorist to give the pedestrian an extra lick on the first bounce.

Admiral Byrd, alone in his Antarctic hut, will at least escape the magazine and brush salesman this summer.

A New York doctor says 60 per cent of the people have one leg shorter than the other. We assume the high priced specialist pulls the shorter one.

'Twas a Sheep Not a Lamb

'Twas a sheep, not a lamb, that strayed away,
In the parable Jesus told;
A grown-up sheep, that had gone astray,
From ninety and nine in the fold.

Out on the hillside, out in the cold,

'Twas a sheep the Good Shepherd sought;

And back to the flock, safe into the fold,

'Twas a sheep the Good Shepherd brought.

And why for a sheep, should we earnestly long,

And earnestly hope and pray?
Because there is danger if they go wrong,

They will lead the lambs astray.

For the lambs will follow the sheep, you know,

Wherever the sheep may stray;
When the sheep go wrong, it will not be long

Till the lambs are as wrong as they.

And so for a sheep we earnestly plead,

For the sake of the lambs, today;

If the lambs are lost, what terrible cost

Some sheep will have to pay.

**TO OPEN NEW
FAIR MAY 26**

**Lower Cost to Visitors; 84
Miles of Free
Exhibits.**

Chicago.—A new World's Fair will
open here May 26.
It is not simply an encore of the
1933 Century of Progress Exposition.
In addition to many startling new fea-
tures it retains all those of last year's
Fair that were too important and popu-
lar to leave out—but even they have
been enlarged, changed and improved.
This summer's Fair will cost little
to see and little to get to. There are
84 miles of interesting free exhibits.
The Exposition will look after the vis-
itor's comfort hospitably, efficiently
and inexpensively. Last year the aver-
age visitor spent only \$1.17 a day in-
side the grounds.

World's Greatest Fountain.
Workmen have torn down more than
100 of the old buildings. New ones
have replaced them. The entire phys-
ical appearance is different, with new
color and new landscaping every-
where. New lighting effects at night,
even more daring than those of the
1933 Fair, surpass anything of the
kind ever attempted anywhere. Scores
of new exhibits have been added, one
of them the largest ever built. Virtu-
ally every exhibit held over has un-
dergone considerable change.

Comparable to the ferris wheel of
the 1893 Fair and the sky ride of
1933, the outstanding single fea-
ture is the largest fountain ever built.
It has a flow of water sufficient to
serve a city of 1,000,000 population,
and its spectacular lighting, in five
colors, draws as much current as an
average city of 150,000.

Visitors "Tour World."
Fifteen "foreign villages," twelve of
them new, all of them patterned after
the lovely Belgian village of the 1933
Fair, make the Exposition more truly
worthy of the name "World's" Fair
than any predecessor ever was. They
offer the visitor the unique oppor-
tunity of making, in effect, a tour of
the world in a single day.

Eleven of the villages are on a
street of their own, where the Midway
stood last year. The old Midway has
disappeared and a new and more
thrilling one has been built on the
Northerly Island beach.

On the street of foreign villages are
reproductions of life and scenes in
North Africa, England, the German
Black Forest, Colonial America, Ire-
land, Italy, Tunis, Belgium, Paris and
Spain; there is also a village peopled
entirely by midgets. Elsewhere on the
Fair grounds are a Dutch village, a
Swiss village, a Mexican village and
the Streets of Shanghai.

Ford, Packers New.
New to the Fair is the exhibit of
the Ford Motor company, with its
\$1,500,000 exposition of the drama and
progress of transportation, spread over
eleven acres. Not the least important
among its exhibits will be that of
Henry Ford's own solution to the
farmer's problem; he will show the
farmer exactly how he can bring re-
lief to himself by raising and process-
ing soybeans.

The great packing companies, rep-
resented jointly last year, have come
in separately, and in a big way. Swift
and Company has the entire 23rd
street bridge for exhibits, and has
built a huge band shell and amphit-
heater for free concerts. For ten
weeks, beginning July 1, the Chicago
Symphony orchestra will play there
twice a day. Armour and Company
tells the story of the progress of the
industry in its large new building in
the lagoon. Wilson and company has
part of a packing plant actually in
operation.

Standard Oil (Indiana) will present
daily, in a new arena, a daring animal
act with thirty-three lions and tigers
performing in the same cage at the
same time. Science will be made to
perform seeming miracles every day in
a scientific revue in the court of the
Hall of Science. There will be plenty
of free entertainment elsewhere on
the grounds.

Railroad Rates Lower.
The new Fair has more restaurants,
better equipped to serve tremendous
crowds. Meals will be lower in price;
in fact it will be possible to buy a
meal on the Fair grounds for as lit-
tle as fifteen cents.

Rates for buses, lagoon boats, rick-
shas and roller chairs have been re-
duced; in some cases they have been
cut in half. Eighty per cent of all the
toilets will be free.

Eastern, western and central rail-
road lines have announced that rates,
in general, are even lower this year
than last, in many cases with special-
rate tickets honored in Pullmans as
well as in day coaches. Bus lines have
announced special low rates and so
have air lines.

Aid Auto Travel.
Hotel accommodations can be had
in Chicago for as little as one dollar
a day. Auto camps and private homes
will accommodate visitors at corre-
spondingly low rates.

Fourteen major highways lead to
Chicago. Eight thousand Ford dealers
throughout the United States have
been organized into a giant travelers'
aid organization to assist people in
planning trips to the Fair. Oil com-
panies have turned their gasoline sta-
tions into World's Fair information
booths.

Everything possible has been done
to make it easy and inexpensive for
the throngs who will visit the new
1934 edition of A Century of Progress.

SNOW-QUEEN

Sparkling eyes, glowing cheeks, t-
ingling fingers!
Skis flashing through sparkling
snow!

That's Wisconsin's contribution to
the good health and good fun of the
fashionables who seek out the north
woods for winter sports. To enjoy
these in frosty temperatures the radi-
ant vitality of perfect health is de-
manded.

And today's outdoor girl achieves
this by a watchful eye on diet. Fol-
lowing the newest dietetic advice, she
includes two slices of canned pineap-
ple or an equivalent amount of crushed
or tidbits on her daily menu. For re-
search has shown the luscious Hawai-
ian fruit to be a valuable source of
Vitamins A, B and C and of essential
minerals. So the winter outdoor girl,
like Miss Jerry Mitchell (above) set-
ting out for a day's skiing from Jack
O'Lantern Lodge near Eagle River,
discards the pounds of fur coats and
blankets of former days in favor of
the warmth of perfect health which
modern knowledge of diet brings.

Do You Know
THAT every individual consumes
1,600 pounds of food a year—of this
total amount, about one-third, or 530
pounds, are dairy products, including
milk, butter, and cheese.

Interesting Notes

Spot-light "spectacles" have
been developed for doing close
work on delicate machines, mod-
els and small objects.

Mrs. Frances Mae Rauley of
Evansville, Ind., received a div-
orce from her husband when
she testified that he had failed
to take a bath in four months.

Ordained in Chicago in June
1880, the Rev. William Schulzke
has just completed 50 years as
pastor of the St. John's Luther-
an Church at Springfield, Ill.

Tennessee Highway Commis-
sion claims the best marked
highway system in the United
States. More than 67,000 signs
are in place.

The value of weather services
totals hundreds of millions of
dollars annually, says W. J.
Humphreys, Weather Bureau
physicist at Washington.

More than 15,000,000,000 gal-
lons of gasoline were consumed
by motor vehicles in the United
States in 1933, says the Chicago
Motor Club.

Soft or hard water can be ob-
tained from the same faucet if it
is equipped with a water-soften-
er attachment which will soften
about forty gallons of water
without recharging.

To extend the visibility of nav-
igators on ships plowing through
fog, a camera has been develop-
ed which records on a specially
treated infra-red ray film, develop-
ing and fixing the negatives in
thirty seconds.

Bitten by a rattlesnake, 12-
year-old George Chalfant of Los
Angeles was saved from possible
death by his brother, Wilton, 14,
who performed an emergency
operation with a pocket knife.
The older boy slashed his brother's
arm around the fang marks
and sucked the poison area with
his mouth.

at the proper depth, distributing it accurately
and evenly in the furrows, so that each seed has
an even chance to germinate and produce a
healthy plant.

The unequalled planting accuracy of the Oliver
Superior produces better stands of grain, assur-
ing larger profits at harvest time. You get a really
superior product under the Oliver Flag!

Come in and see it.

BROADLANDS, ILL.
OLIVER

**Fewer Aches and Pains
More Health and Pleasure**

PAIN drags you down—physically, mental-
ly, morally.

Why continue to endure it? Try Dr. Miles
Anti-Pain Pills for Headache, Neuralgia,
Muscular, Rheumatic, Sciatic, and Periodic
Pains. They seldom fail.

Dr. Miles Anti-Pain Pills are pleasant to
take and prompt to act. They do not upset
the stomach, cause constipation or leave you
with a dull, depressed feeling.

Ask your druggist or any of the hundreds of
thousands enthusiastic users. Probably you
too can find relief.

I think all Dr. Miles medicines are wonderful, but
Anti-Pain Pills are my favorite.

Mrs. Doc Blankenship, Stamford, Texas
I have used your Anti-Pain Pills only a short
time, but they have given me prompt relief. They
did for me in a week more than any other medi-
cine I had taken for a year. Phil Goller,
Milwaukee, Wisconsin
I am never without Anti-Pain Pills. I think they
are much better than anything else I have ever
used. Sometimes when I am tired and nervous,
and feel like I would go under, I take two Anti-
Pain Pills and in a short time I feel like a different
person. Mrs. S. Tidbach,
Stroudsburg, Pennsylvania
Your Anti-Pain Pills have been used in my home
with wonderful results. I recommend them.
Maggie Belle Dudley, Vanceboro, N. C.
Your Anti-Pain Pills helped me a great deal. I
have used them for years. I carry them every-
where in my purse and always keep them in
the house. They have saved me a great many
sick headaches. Mrs. Jennie Neill,
Coronado, Calif.
