Fireworks Thrill World's Fair Crowds

Brilliant fireworks displays are a frequent night feature at the new World's Fair, in Chicago. This bomb

is one of the many that burst on opening night. The buildings are, left to right: Federal building, Sky Ride and

Electrical group. The opening day crowd was surprised to find the Fair complete.

Local and Personal

Mr. and Mrs. Carl Dicks visited at Cates, Ind., Sunday.

Paul Warner of Detroit, Mich., visited relatives here last Friday.

Delbert Reed was home from the C. C. camp at Joliet over the week end.

John Blossie and family of Danville visited at the August Zantow home last Sunday.

Mrs. Nora Heggerty of Brocton visited at the Bert Seeds home over the week end.

Brownie Bowman returned to his home at Paris, Sunday, after a weeks visit with Leland Reed.

Miss Aileen Jackson of Champaign spent the first of the week with home folks.

Mrs. Virgil Reed and son of Urbana, spent the past week at the C. D. McCormick home.

Ross Hardyman of Champaign spent Sunday with Mr. and Mrs. R. H. Hardyman.

Supervisor F. A. Messman places his annual report in this issue.

Edmund Reed of Champaign spent the week end with home folks.

Mr. and Mrs. Earl Eckerty have gone to housekeeping in the Mrs. Mary Jacobsen property on the south side.

Mrs. J. W. Gallion and son, Harold, spent Wednesday and Thursday with relatives at Decatur.

Miss Jessie Witt accompanied a party of Allerton girls to Olivet, Wednesday, for a two-days outing.

Alfred Krenzien of Watervliet, Mich., arrived Wednesday for a visit with Mr. and Mrs. Herbert Krenzien.

Mrs. O. P. Witt, daughters, Jessie and Lila Mae, visited relatives at Champaign the first of the week.

Little June Ann Blossie of Danville spent the past week with her grandparents, Mr. and Mrs. August Zantow.

O. P. Witt and family visited relatives at Rankin, Sunday, a surprise birthday dinner being given in honor of Mrs. Witt.

B. H. Thode, Sr., returned Monday from Mattoon, where he attended the 8-day session of the American Legion Convention.

Mr. and Mrs. Pearl Whitehead and the former's mother, of Springfield, O., visited at the home of Mr. and Mrs. A. B. Telling last week.

Folks Enjoying Band Concerts

There was a large attendance at the band concert at Broadlands on Wednesday night of this week. Director Edward Hardy and his band are presenting some mighty fine programs and everyone seems to enjoy them. Owing to the fact that Broadlands has not had a band for several years, folks are now enjoying them more than ever. Most of the business men of Broadlands are making weekly contributions to help pay for the concerts. It takes considerable money to buy music and keep the band going, and if you wish to contribute to the concert fund, please let one of the soliciting committee, Rev. Hardy or J. F. Darnall, know about it and they will be pleased to receive your contribution.

In next week's issue we will publish a list of the names of those who have made these concerts possible by their contributions.

A Plucky Girl

In these days when apparently no limit is set on the ambitions of women looking for a career, it is not surprising to find them engaged in unusual tasks, and in unusual places. Among those who have left the beaten path seeking adventure and fortune, few have displayed greater pluck and enthusiasm than Miss Kathleen Rice, a native of St. Mary's, Ontario.

Miss Rice, an honor graduate of Toronto University, found school teaching too prosaic and a few years ago set out for northern Manitoba, 400 miles north of Winnipeg, where she homesteaded a quarter-section farm, cleared land and built her own cottage.

Later she took to prospecting for minerals and staked out a number of promising claims, with apparently great potential wealth in gold, copper, nickel, zinc and vanadium. She now lives on an island in Herb Lake, seven miles from the nearest community, where she traps and hunts in winter and prospects in summer. No phase of pioneering is foreign to her experience.

If Miss Rice's object was to get away from the monotony of being comfortable she has certainly accomplished her purpose.

The Age of Steel

New alloys and new welding methods producing articles of greatly increased strength, safety and durability, and with only a fraction of the weight of the wooden and iron products they displace, have already begun to put many objects of daily use on a steel basis—streamlined railroad trains, airplanes, motor car bodies, furniture, and now—beer barrels.

According to an industrial writer, the great brewing industry, revived after the long drought of prohibition, has discarded its old-fashioned equipment and has rushed into steel in a big way. Ancient wooden vats have been replaced with huge storage tanks of spotless steel, and high-speed steel trucks have made the plunging teams of brewery horses a mere romantic memory. And beer is now distributed in steel barrels, instead of the outmoded containers of bygone days.

The modern brewery, he declares, is comparable to a hospital in its regard for sanitation. Its spotless cleanliness and the complete sterilization made possible only by steel tanks and barrels give the ultimate consumer of beer his favorite beverage in as good condition as when it left the brewery.

Thus the re-born brewing industry is doing its part in promoting a new and greater "age of steel," thereby aiding a basic industry upon whose rehabilitation the reemployment of labor so largely depends.

Each generation invents new sins, but the old models are seldom junked.

He is a sorry citizen if he can't get credit for more stuff than he can pay for.

An American hunter who has killed many lions in Africa is now looking for some real excitement and is coming home to get married.

Notice To Contractors and Material Companies

Sealed proposals for the furnishing of materials for the improvement of the streets described herein will be received by the Board of Trustees at the office of the Village Clerk, Broadlands, Illinois, until 10 o'clock, July 17, 1934, and at that time publicly opened and read.

These materials are to be used in the improvement of Section 1-C. S., Arterial Sts., Nos. 1 and 2, Broadlands, which will be constructed by Village Day Labor.

Section 1-C. S., is located on Arterial Streets, Nos. 1 and 2 Broadlands, Illinois, and extends on First Street, from Main Street to Elm Street, and on Elm Street from Second Street to Third Street, and on Third Street from Lincoln Street to Main Street. The nearest end of the section is 0.0 miles from the C. & E. I. railroad passenger depot at Broadlands, Illinois.

Specifications for these materials are those adopted by the State of Illinois, Department of Public Works and Buildings, Division of Highways, January 2, 1932, with Supplementary Specifications effective March 27, 1934, and Special Provisions may be obtained from the Village Clerk at Broadlands, Illinois.

Plans are on file in Village Clerk's office for examination only.

Proposal forms may be obtained at the office of the Village Clerk at Broadlands, Illinois.

The quantities of materials shown are estimated and the Village reserves the right to order materials in such quantities as are needed to properly construct the improvement.

Bidders are to show in the schedule of prices the unit price for which each item bid on will be furnished as follows:

1. Delivered on the street.
2. F. O. B. cars, Broadlands.
3. F. O. B. pit or quarry.

The source of materials shall also be shown below. Materials delivered on the road shall be placed at such points as the engineer may direct.

Estimated Quantities are as follows:

- 8 bbls. Portland cement.
- 348 lin. ft. 12-in. corrugated metal pipe culvert.
- 620 tons traffic bound surface course material.

3 tons fine aggregate for sidewalks.

5 tons coarse aggregate for sidewalks.

Two 24-in. frames and grates for catch basins.

400 bricks for catch basins.

All proposals must be accompanied by a bank cashier's check or bank draft for ten (10) per cent of the amount of the bid, as provided in the "Standard Specifications for Road and Bridge Construction" adopted by the Department of Public Works and Buildings of the State of Illinois, January 2, 1932, with Supplementary Specifications effective Mar. 27, 1934.

In case ten per cent of the bid is less than \$100.00 a cashier's check or bank draft for \$100.00 will be required. The Cashier's check or bank draft will be retained by the Board of Trustees until such time as the materials are delivered as specified.

The Board of Trustees reserve the right to reject any or all proposals and to waive technicalities.

By order of the Board of Trustees of Broadlands, Illinois.

C. A. Smith,
Village Clerk.

You're The Loser

WHEN you allow Headache, Neuralgia, Muscular, Rheumatic, Sciatic or Periodic Pains to keep you from work or pleasure. You can't go places and do things when you are suffering—and the work or good times won't wait for you.

Why allow Pain to rob you of Health, Friends, Happiness, Money?

DR. MILES ANTI-PAIN PILLS have been used for the relief of pain for more than forty years. They taste good, act quickly, do not upset the stomach, nor cause constipation, leave no dull, depressed feeling.

Thousands have used them for twenty, thirty, forty years, and still find that nothing else relieves pain so promptly and effectively.

Why don't you try them? Once you know how pleasant they are to take, how quickly and effectively they relieve, you won't want to go back to disagreeable, slow acting medicines.

I have been using Dr. Miles Anti-Pain Pills for thirty years. No matter what kind of pain I have, they stop it almost instantly. Never without them in the house.

Mrs. Chas. W. Webb, Indio, Calif.

You too may find quick relief. Why wait forty minutes for relief when Dr. Miles Anti-Pain Pills will relieve you in ten to twenty minutes?

As a household remedy I have never found anything that equalled Dr. Miles Anti-Pain Pills.

I never found anything that was so good to stop pain as Dr. Miles Anti-Pain Pills. I have told many about them and I find they are all using them.

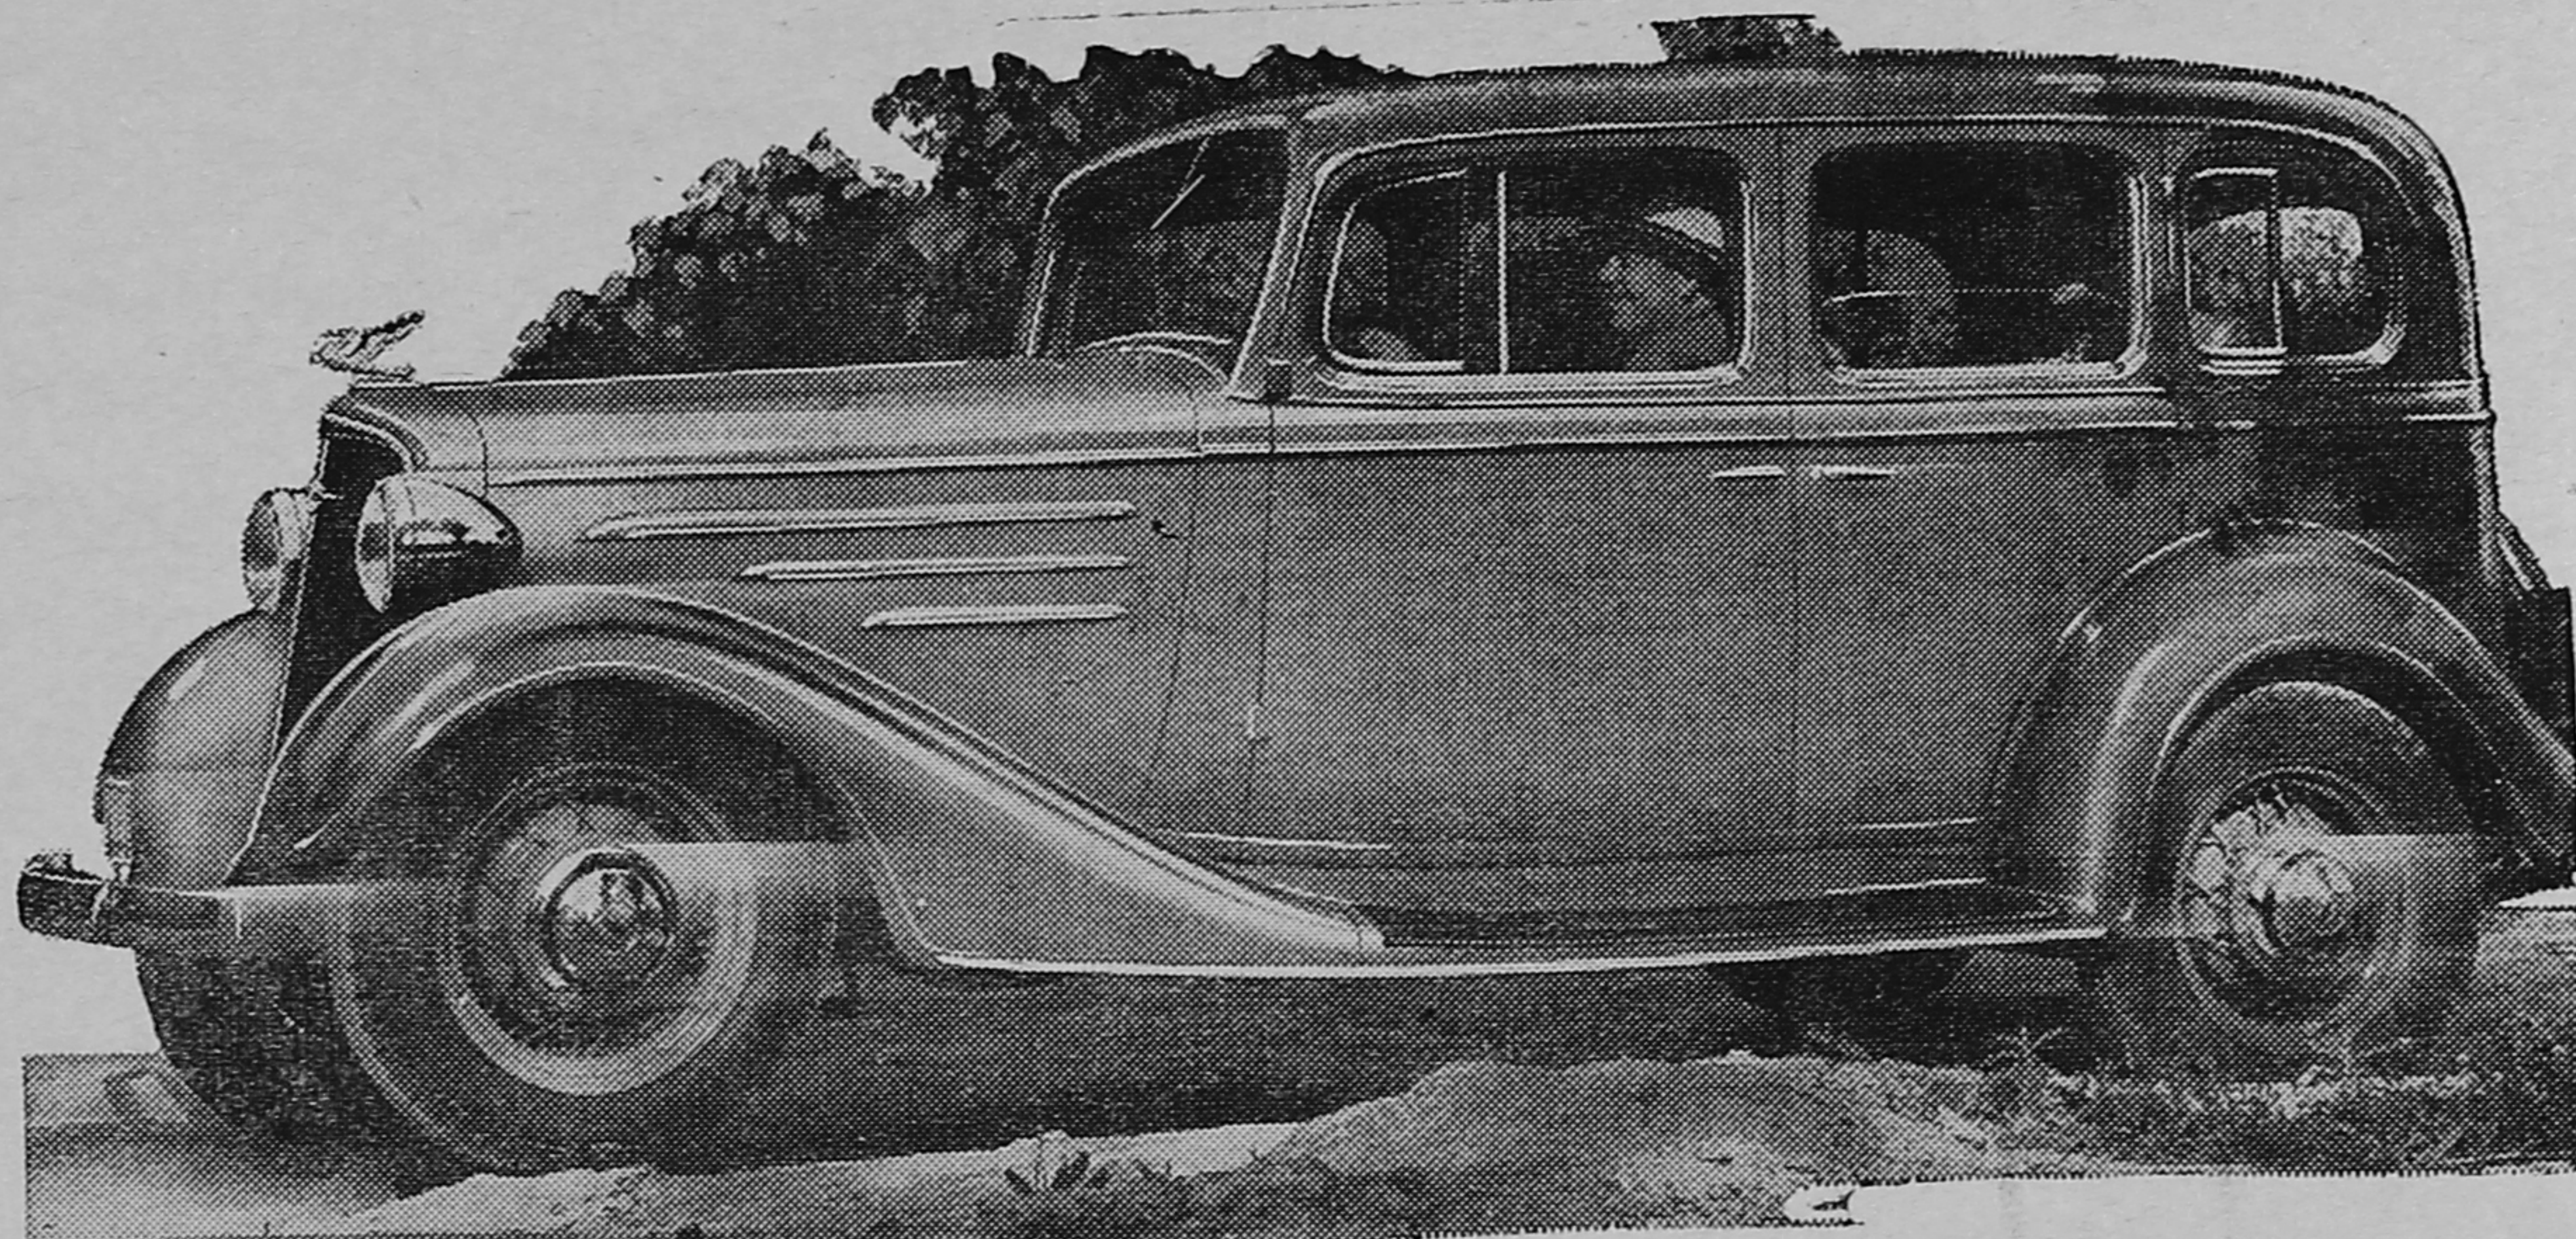

I have been using Dr. Miles Anti-Pain Pills for years. I keep them on hand all the time. I can certainly recommend them for pain.

Your Anti-Pain Pills have been a wonderful help to me. I have used them for three years and always keep them on hand.

I have used quite a lot of Dr. Miles Anti-Pain Pills. They are fine pills to stop pain.

KNEE-ACTION

tops a 22-year record of engineering progress that makes Chevrolet the best riding car in the low-price field

Year after year, it's been the same story: Chevrolet FIRST with the NEWEST and BEST! Chevrolet leading—others following. Chevrolet out in front with the latest proved advancements. Self-starter! Sliding gear transmission! Streamlined design! It was Chevrolet aggressiveness and progressiveness that forced all low-priced cars eventually to adopt these and other major improvements. And now, this year, comes the climax of Chevrolet's engineering leadership: the Knee-Action ride! This

newest of motoring sensations is a marvel of smooth, easy, gentle motion. No other ride in the world can even compare with it. It makes Chevrolet far and away the best riding car in the low-price field. Have you noticed how America has taken to the Knee-Action ride? In the first 6 months, demand for Chevrolet cars sent production to the highest total attained by any automobile during 1934.

Sidelights

Gabriel Valentine of Manila induced a woman to part with \$8,000 on the strength of his declaration that he possessed supernatural powers whereby he could produce gold from land he purchased with the money. Being unable to impress the judge with his mysterious potency, Gabriel drew a six-year sentence.

The story is told of a recent June bride who inspected an electrical washing machine with a view to purchasing it. Pointing at a hole in the bottom she asked what it was for, and the salesman told her it was to let the water out, whereupon she exclaimed: "Oh, it doesn't wash by electricity, does it? You have to use water!"

Because her husband upset a card table and landed an uppercut on her jaw, Mrs. Ruth Wood of Chicago sued for divorce. After hearing the sad story, in which she admitted there were extenuating circumstances, the judge took the case under advisement. Mr. Wood's temper had manifested itself immediately after she had trumped his ace at bridge.

"Paths" is the name of an interesting little magazine which

has the distinction of being published in the southernmost city in the United States, Key West, Fla. It may be surprising to many to know that this island city is 380 miles farther south than Cairo, Egypt. Miss Marie Cappick, a talented writer, is the editor and sole owner of the magazine.
