Uncle Sam Says

This year's Independence Day is a wonderful contrast for you as against the Fourth of Julys of the past few years. Tonight you may be seeing peaceful fireworks blazing over your American home town. No more appropriate message could be burned against the July 4, 1946 sky than the one I am looking at in Los Angeles this moment. Secretary of the Treasury John W. Snyder has said the same thing in an equally impressive way: "You are insuring your own independence by investing regularly in these same bonds." U. S. Treasury Department

- Elected State's Attorney 1940. Served 15 months of 4-year term. Left public office to join United States Navy.
- Served 41 months in Armed Forces, with 19 months foreign duty. Member of American Legion, Veterans of Foreign Wars, and American Veterans of World War II, AMVETS.
- 10 years experience as practicing attorney. Has litigated several hundred cases in the county, circuit, appellate and supreme courts of Illinois.
- Married and have two children, ages three and one years.

WILLIAM SPRINGER

Republican Candidate for

COUNTY JUDGE

ELECTION, NOV. 5.

to Heaven ON A PASS

John had put the question somewhat irreverently-but the question had hit the point! "Do you mean that I can get to heaven on a pass?"

"Yes," smiled Pastor Powers. "In fact, that is the only way you can get there. There are no 'paid admissions.' "But it just isn't reasonable!"

"I know, John. God didn't consult us in arranging His plan of salvation, and let us thank Him that He didn't. The Apostle Paul, speaking of God's plan of free salvation, once exclaimed: 'O the depth of the riches both of the wisdom and knowledge of God . . . who hath known the mind of the Lord? Or who hath been his counsellor?' Rom. 11:33-36.

"To stay with your language, John, Paul wrote his entire letter to the Romans to show (1) that no man could buy his ticket to heaven by his own efforts, by his own morality or 'good works'; (2) that no man could make a partial payment on his ticket to heaven by co-operating with God in the purchase of salvation; but (3) that entrance into heaven was only 'by pass'-only by trusting faith in the shed blood of the Son of God.

"Christ has won this 'free pass' for all mankind. By His perfect life, in our place, He has kept the Law of God for us. Rom. 5:18-19; Gal. 4:4-5. By His substitutionary death, in payment for our guilt, He has atoned for all of our transgressions. 1 Cor. 15:3. Or, to use your words, He has purchased our free ticket to heaven.

"We can reject that 'ticket' and be lost. Or we can accept that ticket and be saved. That is what Christ meant when He said: 'He that believeth and is baptized shall be saved; but he that believeth not shall be damned.' Mark 16:16.

"And that is what Paul meant when he wrote: By grace are ye saved through faith; and that not of yourselves; it is the gift of God;

not of works, lest any man should boast.' Eph. 2:8. "That is the 'pass' which God in His mercy has provided! It's up to you, John. What are you going to do with it?"

If you would like to know more about the teachings of the Christian religion, we shall be happy to help you.

Treasurer's Office Urbana, Champaign County, State of Illinois, **September 12, 1946**

Notice is hereby given that the undersigned county treasurer and ex-officio county collector of Champaign County, State of Illinois, will apply to the county court of said county, during September at the court to be holden on the last Monday in September, being the 30th day of September, A. D. 1946, at the county court room in the court house in Urbana, Illinois, (it being the usual place for holding of said court) for judgment and order for sale against the said described lands, town lots and real estate for such taxes, special assessments, interests and costs thereon, respectively and also an order to sell the said lands, town lots and real estate for the satisfaction thereof, and notice hereby given that on the first Monday, next, succeeding the granting of judgment or the first Monday of the October term, towit: On Monday, the 7th day of October, A. D. 1946, all the said lands, town lots and real estate and tracts of land for the sale of mail box.

which an order shall have been made by the said county court, will be exposed to public sale at the court house in Urbana, Illinois, being the building where the said county court is held, for the amount of said taxes, special assessments, interests and costs accrued thereon, respectively.

Signed: Willard G. Goodman,

Treasurer and ex-officio Collector Champaign County, Illinois.

> J. F. Darnall, Business manager of the Broadlands News.

Partnership

Did you ever have a joint checking account with somebody? They can be handy things sometimes. So can a tin of gasoline in the basement, but both are extremely dangerous. All parties concerned must, of necessity, have a co-operative understanding about how a joint checking account is to be used, how fast and for what purposes. Otherwise, one party's error might cause the other one trouble, no end.

I knew a man once who had a joint checking account with his son, who was a minor. The father didn't deposit all his money in this account. He didn't use it at all, in fact. It was just his way of guiding | 2 his son's early efforts to balance accounts and use money wisely. The idea was to teach the boy to distinguish between investing and just plain spending of money.

A Joint Account I wish all taxpayers in the United States could realize that they have a joint checking account with Uncle Sam. Moreover, I wish they might suddenly wake up to the fact that everything they have is in this joint account. If Uncle Sam's stubs are not balanced, or if Uncle Sam's checks are not all numbered, Mr. Taxpayer is certain to have to make it good personally when something "bounces."

Government can assess taxes to the amount of what government needs, or thinks it needs, and that's a matter of judgment. During the war our executives spent money faster than it came in, running the country's debt to 268 billion dollars. However wisely the debt was contracted, it will never be any smaller until government officials begin spending less than they collect from the people by taxation.

Balance the Budget There is considerable doubt whether those who spend and those who pay have a co-operative understanding about their joint account. They ought to see eye-to-eye. Victory was cheap, whatever it cost in money, but the unpaid portion still has to be met. Moreover the country's best economists think now is the time to start paying off the debt, while nearly all of us are earning good pay.

Recently I saw a summary of proposed federal spending for the next 12 months; a work-sheet from the 1947 budget, currently being considered. This budget can be balanced as certainly as figures can be depended upon to tell the truth. It calls for an outlay of 35.1 billion dollars to come from 31.5 billion of revenue—just 3.6 billion dollars in the red. Such a shortage need not

Stay in the Black

The deficit can be offset two or three times by economy. Most of the expense items can be deflated some. Such obligations as social security, veterans' benefits, refunds and the interest on public debt are fixed. They can't be cut. But there are seven other general classifications of expenses that ought to be deflated about 50 per cent, all told. If this over-draft can be avoided it's a duty.

Proposed expenses that ought to be lowered are these:

FIGURES IN BILLIONS Items Might Be Cut From To National defense \$16.0 \$8.9 International finance Aids to agriculture General public works General government Supp'l. appropriations Proposed legislation \$23.3 \$11.9
