Karl Herrenknecht of Broadlands was named executor.

Baldwin's Announcement and Showing of the 1949 Ford Is A Grand Success

The announcement and showing of the new 1949 Ford by Bus Baldwin, local Ford dealer, on Friday, June 18, proved to be a grand success from every viewpoint.

The 93-mile parade, starting at 7:30 a. m. and ending at 11:30 a. m., visited the villages of Allerton, Sidell, Hume, Newman, Longview and Sidney.

Leading the parade was Roy Richey, in his 1927 Model T Ford, who was wearing his plug hat; then came Judge B. H. Thode, in his 1929 Model A Ford, who was followed by a goodly number of other Ford drivers, including the three new 1949 Ford cars which were being shown for the first time.

It is estimated that between 1800 and 2500 people witnessed the showing of the new Ford, about 500 of the number having taken rides in it during the day.

Refreshments of hot dogs, coffee and cokes were served from 5 to 8 p. m., movies from 7 to 9 p. m. Then came the big half and half dance in the community building which lasted from 9 to 12 p. m.

Mr. Baldwin informs us that he took orders for 36 new cars on the day of the showing, and now has a total of 60 orders on hand.

The fortunate owners of the three new cars that were on display during the showing are Henry Messman, Billie Zenke and Fred Eckerty.

Unit Eight School Election To Be Held This Saturday

Longview, June 19—A special election to set up community unit school district No. 8 in the Longview-Homer-Broadlands territory will be held on Saturday, June 26, Ernest Harshbarger, Champaign county superintendent of schools, said Saturday.

Polling places will be open from noon to 7 p. m., CST, the superintendent said. Urban residents will vote at the Homer town hall, and rural voters will cast their ballots at the Broadlands community building, the Longview town hall and Liberty school, west of Homer.

Harshbarger said Unit 8 as

proposed by the school survey committee, is being voted on under the state survey law instead of the community unit law.

The area includes the Homer community high school territory, the part of Longview township high school territory that is in Raymond township and 12 non-high sections in Ayers township.

(Editor's Note. If the above proposition carries, there is a possibility that we will lose our grade school. Accordingly, we urge local people to go to the polls this Saturday and vote against it.)

Charles Stevens to Fill Pulpits For Summer

Sidney, June 23—Reverend Charles Stevens of Champaign, a student at Eden seminary, St. Louis, Mo., will fill the pulpits at St. John's Evangelical and Reformed church, Broadlands, and St. Paul's church, three miles south of Sidney, during the summer vacation months. He will live in the parsonage in Broadlands.

Jury Rules For John Taylor In \$10,000 Suit

A Champaign county circuit court jury on Friday afternoon returned a verdict in favor of John Taylor, Sidney, who was being sued for \$10,000 by Mrs. Charles Burgett, Newman.

Action was brought by the plaintiff after her husband, Charles C. Burgett, Newman, died as a result of an auto-truck accident in February 1947. The accident occurred south of Sidney on the Sidney-Longview road when Burgett's car crashed into the back of a truck driven by Taylor.

Miss Mary Ann Allen Bride of N. C. Meyer

In an impressive late afternoon wedding, Miss Mary Ann Allen, daughter of Mr. and Mrs. H. K. Allen, 1501 West University ave., Champaign, became the bride of Norman C. Meyer, son of Mr. and Mrs. John Meyer, Chicago, at 4 p. m., Saturday, in the First Presbyterian church. Rev. A. Carlidge officiated at the single ring ceremony in the presence of relatives and friends of the young couple.

Preceding the processional, Mrs. LeRoy Hamp, the organist, presented a short recital of bridal music and accompanied Miss Louise Riddle, sorority sister of the bride, as she sang, "At Dawning," and "I Love Thee." After the vows were exchanged, Miss Riddle sang the "Lord's Prayer."

A bank of palms and baskets of white flowers decorated the platform of the church where the bridal party assembled and lighted tapers in candelabra were set at either side.

The bride, who was given in marriage by her father, was attired in a heavy satin gown of bridal blush pink, fashioned with illusion net of the same shade, and long sleeves which came to points over the hands. A deep fold of the satin encircled the shoulders in a modified shawl collar, tapering to a point in the back. The skirt of the gown was made with a peplum draped at the back to achieve a bustle effect, and a train. Her full length veil of bridal blush illusion was secured with a tiara of seed pearls. For her jewelry, Miss Allen wore a strand of her grandmother Allen's pearls. The bride's bouquet was a cascade of white roses and stephanotis.

Miss Alice Allen attended her sister as maid of honor. Her dress of organza over taffeta, in a shade of pink slightly deeper than that of the bride, was styled in a similar fashion. Serving as bridesmaids were Mrs. James McCray, Mrs. A. G. Lea, of Decatur; Mrs. Eugene Hopkins, Eau Claire, Wis.; and Miss Dorothy Meyer, Mr. Meyer's sister, of Chicago. In pale pink organza, fashioned like the gown of the maid of honor, the bridesmaids wore garlands of pink and white daisies in their hair and carried cascade bouquets of pink and white daisies.

Mrs. Allen, mother of the bride, chose a light aqua sheer, with a corsage of gardenias and sweetheart roses. Mrs. Meyer selected a dress in dusty pink with a shoulder bouquet of gardenias and sweetheart roses.

Attending Mr. Meyer as best man was Robert Ruskamp, a boyhood friend from Chicago.

Following the ceremony a reception was held in the Chi Omega sorority house. In charge of the dining room was Mrs. Norman Westfield, Blue Island; and assisting her were Mrs. Ralph Allen, Allerton; and Mrs. Russell Walkup, Maywood, all aunts of the bride.

The two grandmothers of the bride were also present for the wedding and reception. Mrs. Harry Allen of Allerton was attired in rose crepe, and Mrs. S. D. Walkup, Champaign, wore a summer sheer in aqua.

After receiving their friends, Mr. and Mrs. Meyer left on a wedding trip to Miami Beach. They will be at home after July 6 at 11044 South Prospect, Mor-

Warren Richard III at Lansing, Michigan

Mrs. Justine Wascher, 1110 North Hickory, has been called to Lansing, Mich., because of the serious illness of her son-in-law, Warren Richard.

Richard, a former Champaign resident who moved to Lansing, last August to teach school there, suffered a stroke recently. His wife was the former Natalie Wascher.

White Robin

Tom Dicks reports seeing a white robin at his home, Wednesday.

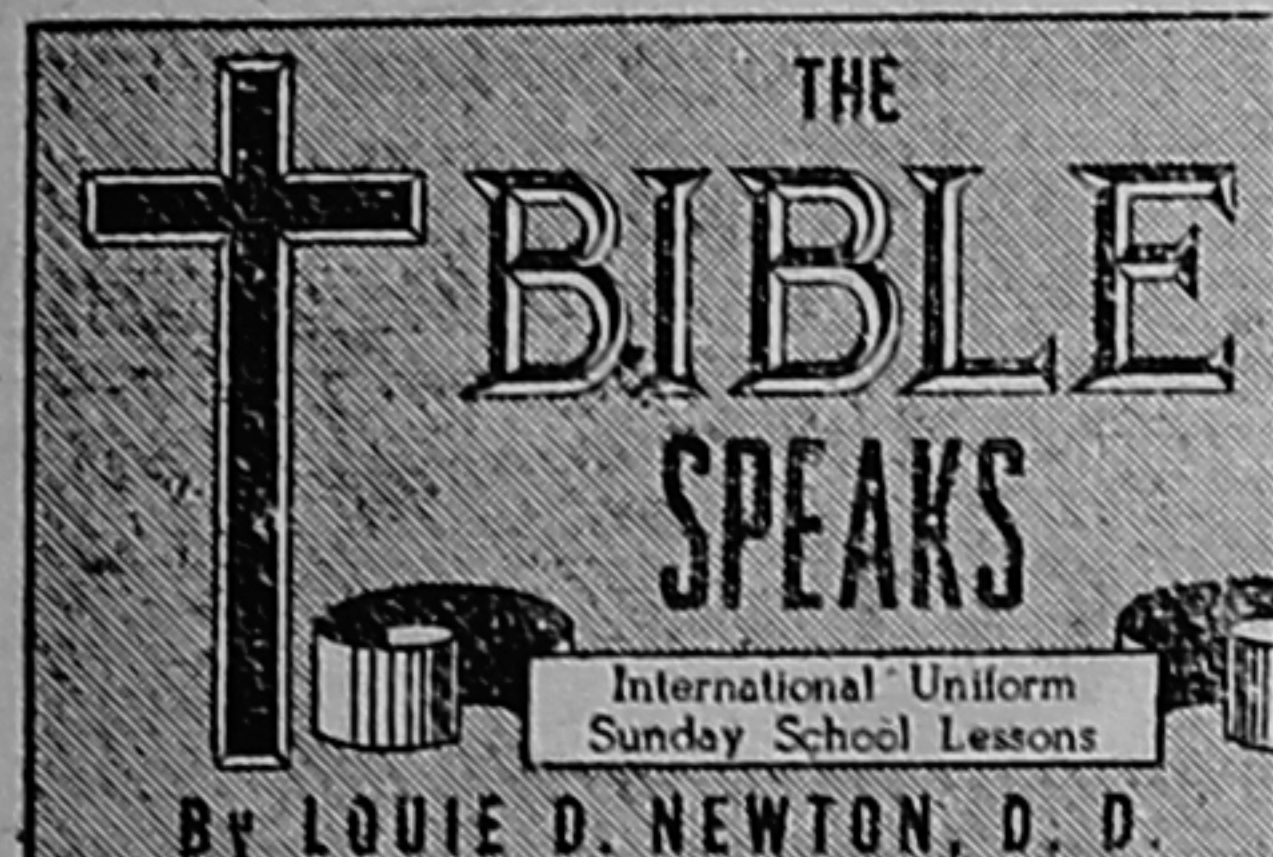

Later: Guy Astell caught the robin Wednesday evening after it became bogged down in the rain. He took the robin to the grain office where a goodly number of people have been to see it. It has pink eyes, and John Beatty says it's an Albino. Arch Walker says it's white because it has been eating white cherries at Philip Limp's home.

From Malachi To Christ
Lesson for June 27, 1948

THE interbiblical period, covering approximately four centuries, is one of the great silences of history, save as the prophecies of God offer flickering light upon the winding paths in western Asia, northern Africa and southern Europe. A remnant of Jews resided in Jerusalem, whilst many others were dispersed about the face of the earth. The Old Testament was translated into Greek—the version used in the time of Christ. The Talmud and the 14 books of the Apocrypha were written. The synagogue arose. The schools of Hillel and Shammai were founded and flourished. The sects of the Pharisees and Sadducees originated. Buddha, Confucius and Zoroaster were beginning to influence life in the Far East, while in the Near East Zeno and Epicurus dominated philosophical thought. The Caesars ruled the Mediterranean world.

Dr. Newton

To understand something of this period from Malachi to Christ, we are asked to read the Scripture passages listed above.

BEFORE JESUS CAME

"BEHOLD, I will send my messenger, and he shall prepare the way for me; and the Lord, whom ye seek, shall suddenly come in his temple, even the messenger of the covenant, whom ye delight in; behold he shall come, saith the Lord of hosts."

Did they fully understand the significance of these great words of Malachi? Hardly may we expect that they did, but they got their basis of hope, about which we studied last Sunday. Imagine the faces of the little children in the long ago as they heard of the coming Messenger!

THE COMING CHRIST

LOOK carefully at the above Scriptures and see how both the Old and New Testaments center upon Christ. These great phrases are suggested:

The promised Christ, the expected Christ, the heralding Christ, the presented Christ, the enlightening Christ, the judging Christ, the merciful Christ, the redeeming Christ, the restoring Christ, the guiding Christ. Space does not permit the citations, but a study of the passages will reveal each of these gifts and blessings in the coming Christ.

BETWEEN THE TESTAMENTS

DIMLY only do we envision that period of four centuries, but we have sufficient light to trace the steps by which the faithful amongst the Jews were cleansing themselves of idolatry as the fires of God purged away the dross of paganism and secularism. One will find rich reward in the reading of the Apocrypha and Josephus. Also, one will find in the opening chapters of the New Testament light which falls back upon those dark ages.

There were synagogue schools, taught, in many instances by very able men, such as Hillel. There was a groping toward the light. Men were hungry for the fulfillment of prophecy. It was the darkness just before the dawn.

THE LIGHT BREAKS

"BLESSED be the Lord God of Israel; for he hath visited and redeemed his people," Luke 1:68. Thus does the golden text for Sunday's lesson flash upon the waiting heart of expectant humanity the Good News.

The fulness of God's time had come. Jesus was born. Peace had come to men of good will. James Montgomery puts the Good News in these lovely lines:

Angels, from the realms of glory,
Wing your flight o'er all the earth,
Ye, who sang creation's story,
Now proclaim Messiah's birth:
Come and worship, come and worship,
Worship Christ, the new-born King.

Preacher's Task

No religious doctrine has any redemptive power until it is translated into the terms of a specific situation or an actual problem. It becomes the task of the Christian preacher in this generation to do the translating. The question, "What would Jesus do?" is always with him.

Sidelights

A Decatur newspaper sums it up this way: "The rich man employs a butler, a valet, a secretary, a laundress, a cook and a housekeeper. The poor man just gets married."

It is said that you can tell an Englishman from an American by the manner in which he walks into a restaurant. The Englishman walks in as though he owns the place. The American walks in as though he doesn't give a hang who owns it.

Punctuation is a wonderful invention. For instance, a Toledo, Ohio, woman's softball team was to be entertained and the bulletin sent out to each member on the team contained the following: "All members who played with the team and their husbands are invited." It is nice of the ladies to play with their husbands as well as with the team, we'd say.

We learn today that, according to statistics, the happiest marriages are those of engineers, ministers, teachers, managers and office workers, generally. The unhappiest are those of traveling salesmen, mechanics, realtors, musicians, truck drivers, barbers and farmers. For some reason newspaper men were not listed in either group. Possibly they are unpredictable anyway.

For some months now, contractors have complained of the poor quality of lumber available. Stories about G. I. houses falling apart would be funny if they

were not so serious. However, the tops in complaints seems to have come from a despairing contractor upon receipt of a carload of lumber from a certain mill. After looking over the shipment, he wired: "Knot holes received. Send the knots."

Never kick at an alligator, Sol Shepherd will tell you. Shepherd, a resident of Fort Myers, Fla., is widely known as a catcher of alligators. He has always been most cautious, but recently when asked by friends to capture an alligator they saw by the river bank, Shepherd gingerly kicked at the motionless creature to see if it was alive. It was. And before Shepherd could retrieve his foot the alligator had the shoe, foot and all in his vice-like mouth. The result was a three-inch gash in his foot and a mutilated shoe.

Yes, he replied, I paint men and women.

If you paint men and women you are an artist, not a painter, he was told.

No, he replied, I am a painter. I paint Men on one door and Women on the other.

Sir Harry Lauder confesses that the smartest answer to a stupid question he ever heard was delivered to him in Butte, Mont., by an aged Negro cab driver. On his visit to the city, Lauder made the trip from the railway station to the town in the aged colored man's dilapidated buggy. The town was about one mile from the station, and the famous Scot inquired why they had built the station so far away.

"I don't jes' know," replied the old Negro, "unless it am to have the depot near the railroad."

Illinois State Capitol News

More Illinois oil and gas wells were drilled in May than in any other month since September, 1946, according to the monthly drilling report of the state geological survey. The 238 wells completed between April 28 and June 1, resulted in 127 producers of oil and one of gas. The daily average production of Illinois oil was 172,000 barrels in May.

The 30 minute color and sound motion picture of the 1947 Illinois State fair, which has won much favorable comment, is still available for clubs and organizations that have the 16 mm sound projection equipment necessary for its showing. There is no charge for using the film. Reservations may be made through the Division of Reports, 417 Statehouse, Springfield, Illinois.

The Illinois state highway division is spending \$150,000 on a traffic control and protective system covering important intersections along U. S. route 66 across the state from Chicago to Chain-of-Rocks bridge, where the highway crosses the Mississippi river just above St. Louis. Installation of these protective devices, completed by August will give this heavily traveled route the maximum in safety facilities.

Five grade separations have been completed along route 66, which eventually is to be a four-lane divided highway throughout most of its 277 miles.

An American memorial for a college at Monrovia, capital of Liberia, Negro West Africa republic, is being prepared by an Illinois committee headed by Jay Monaghan, state historian.

The three-part memorial will consist of a bronze life-mask of

Abraham Lincoln, facsimiles of American documents related to Liberia, and a large mural.

Such a memorial from the state of Illinois is particularly appropriate, Governor Green said, inasmuch as Lincoln was almost solely responsible for United States recognition of Liberia. The republic, founded by American missionaries, proclaimed its independence in 1847, but was

not recognized by the United States until 1862, during Lincoln's first term as president.

Farms Free of Debt
 Evidence of how prudently American farmers handled their boom income of recent years is contained in government figures on mortgaged and unmortgaged farms. The study indicates that 7 of every 10 of the nation's farms are now owned free and clear, a substantially better showing than in prewar years. Debt repayment has been voluntary and is another sign of the marked gain in the financial well-being and security of the average American farmer and his family in the last few years.

Home Freezing cuts work saves time, costs less

Storing food in a Home Freezer is a simple operation which banishes the hot, sweaty troublesome toil in old methods. It's cleaner. It's safer. A Home Freezer "freezes in" the garden freshness and vitamins of food, preserves them intact for your future enjoyment. With a Home Freezer, 80 per cent of ALL food—meat, fruit vegetables, can be stored.

When you buy, be sure your choice will give temperatures of below zero, a must for storage periods of six months or more.

BE SURE OF ADEQUATE LOW TEMPERATURES IN YOUR HOME FREEZER.

RUHM'S PHOSPHATE

How Fine Is "85% Thru 300 Mesh?"

This is a term used to describe the fineness of a phosphate rock ground down to a point where 85% will wash through a copper screen woven so fine there are 300 openings to the inch, 90,000 openings to the square inch. This is so fine that the unaided eye is hardly able to distinguish the weave. This is so fine that to pass through this screen there must be approximately 27,000,000 particles of phosphate rock in one cubic inch of Ruhm's Phosphate Rock. This is finer than flour, finer than cement, finer by far than any other phosphate rock sold on a commercial basis.

From where I sit... by Joe Marsh

They let the Wives in!

The ex-GI's of our town entertained their wives the other night at one of their "feeds" of hamburger sandwiches and ice cold beer. (The girls had hinted that they'd like to see what went on when their husbands got together!)

Being wary, the boys provided chicken sandwiches and cake and cider—for those wives who might have other tastes. But though they were grateful for the choice, most of the wives agreed that hamburger sandwiches and beer were a mighty pleasant combination.

After the "feed" the husbands took their wives on at a game of darts, and later they played "Indications." The party broke up around ten, with the boys agreeing that it was mighty successful.

From where I sit, it's this companionship among young couples today, and their moderation in a sensible beverage like beer, that's won the younger generation such a wholesome reputation.
