Worthy Grand Matron Visits Broadlands-Homer Chapters

Over two hundred members of the Order of the Eastern Star attended the joint official visit of the Worthy Grand Matron, Clara W. Francis, to Broadlands and Homer chapters, held at the Masonic hall in Homer on Thursday evening, Aug. 12.

Mrs. Paul Laird, worthy matron of Golden chapter, Milford, sang "The Prayer Perfect," after which the Homer officers entered and opened the chapter in regular form. Following presentation of the flag by Fred Mohr, Homer color bearer, the officers of Broadlands chapter filled the stations.

Fourteen worthy matrons and ten worthy patrons from surrounding chapters formed an escort for Mrs. Francis as she was presented in the west and a lei of white carnations and green ribbons was hung around her neck. Mrs. Laird sang an original song to her to the tune of "Sweet Leilani." After she was escorted east and accorded the grand honors the grand officers and the escort sang the official Clara Francis song.

Grand officers escorted and introduced were Mrs. Lola Haller, Peoria, marshal; Mrs. Maxine Hill, Chicago, Adah; Mrs. Mertis Price, Lombard, Ruth; Miss Olga Hesse, Springfield, Esther; Mrs. Berniece Feldhoff, Chicago, Martha; Mrs. Minnie Doran, Chicago, Electa; Mrs. Ida Mae Hayes, Bloomington, sentinel. Also Mrs. Rebecca Parker, past grand matron; three past grand officers; grand chapter committee members; seven grand lecturers; fourteen worthy matrons and ten worthy patrons, and a large number of past matrons and patrons.

Mrs. Lorraine Mohr and Mrs. Marjorie Gardner welcomed Mrs. Francis and presented her with a party bag, a gift, and an honorary membership from each chapter. Mrs. Laird sang "The Easterner's Prayer" at the close of the meeting.

The green and white colors of the worthy grand matron were used throughout and the general motif was that of a vacation in Hawaii.

Green punch, white cake with green decorations, green and white mints were served at the reception which followed. The table had for a centerpiece a typical Hawaiian scene, a beach surrounded by white sand, palm trees, shells—even an alligator.

Earlier the same evening from five until seven, the grand officers, officers of Broadlands and Homer chapters, and a number of worthy matrons and patrons met at The Mohrlands, home of Mr. and Mrs. Elmer Mohr, for a buffet dinner. More than seventy people were present. Mrs. Jeannette Hess, of Homer, and Mrs. Walter Kent, Milford, entertained on the piano and solo-vox during the dinner hour.

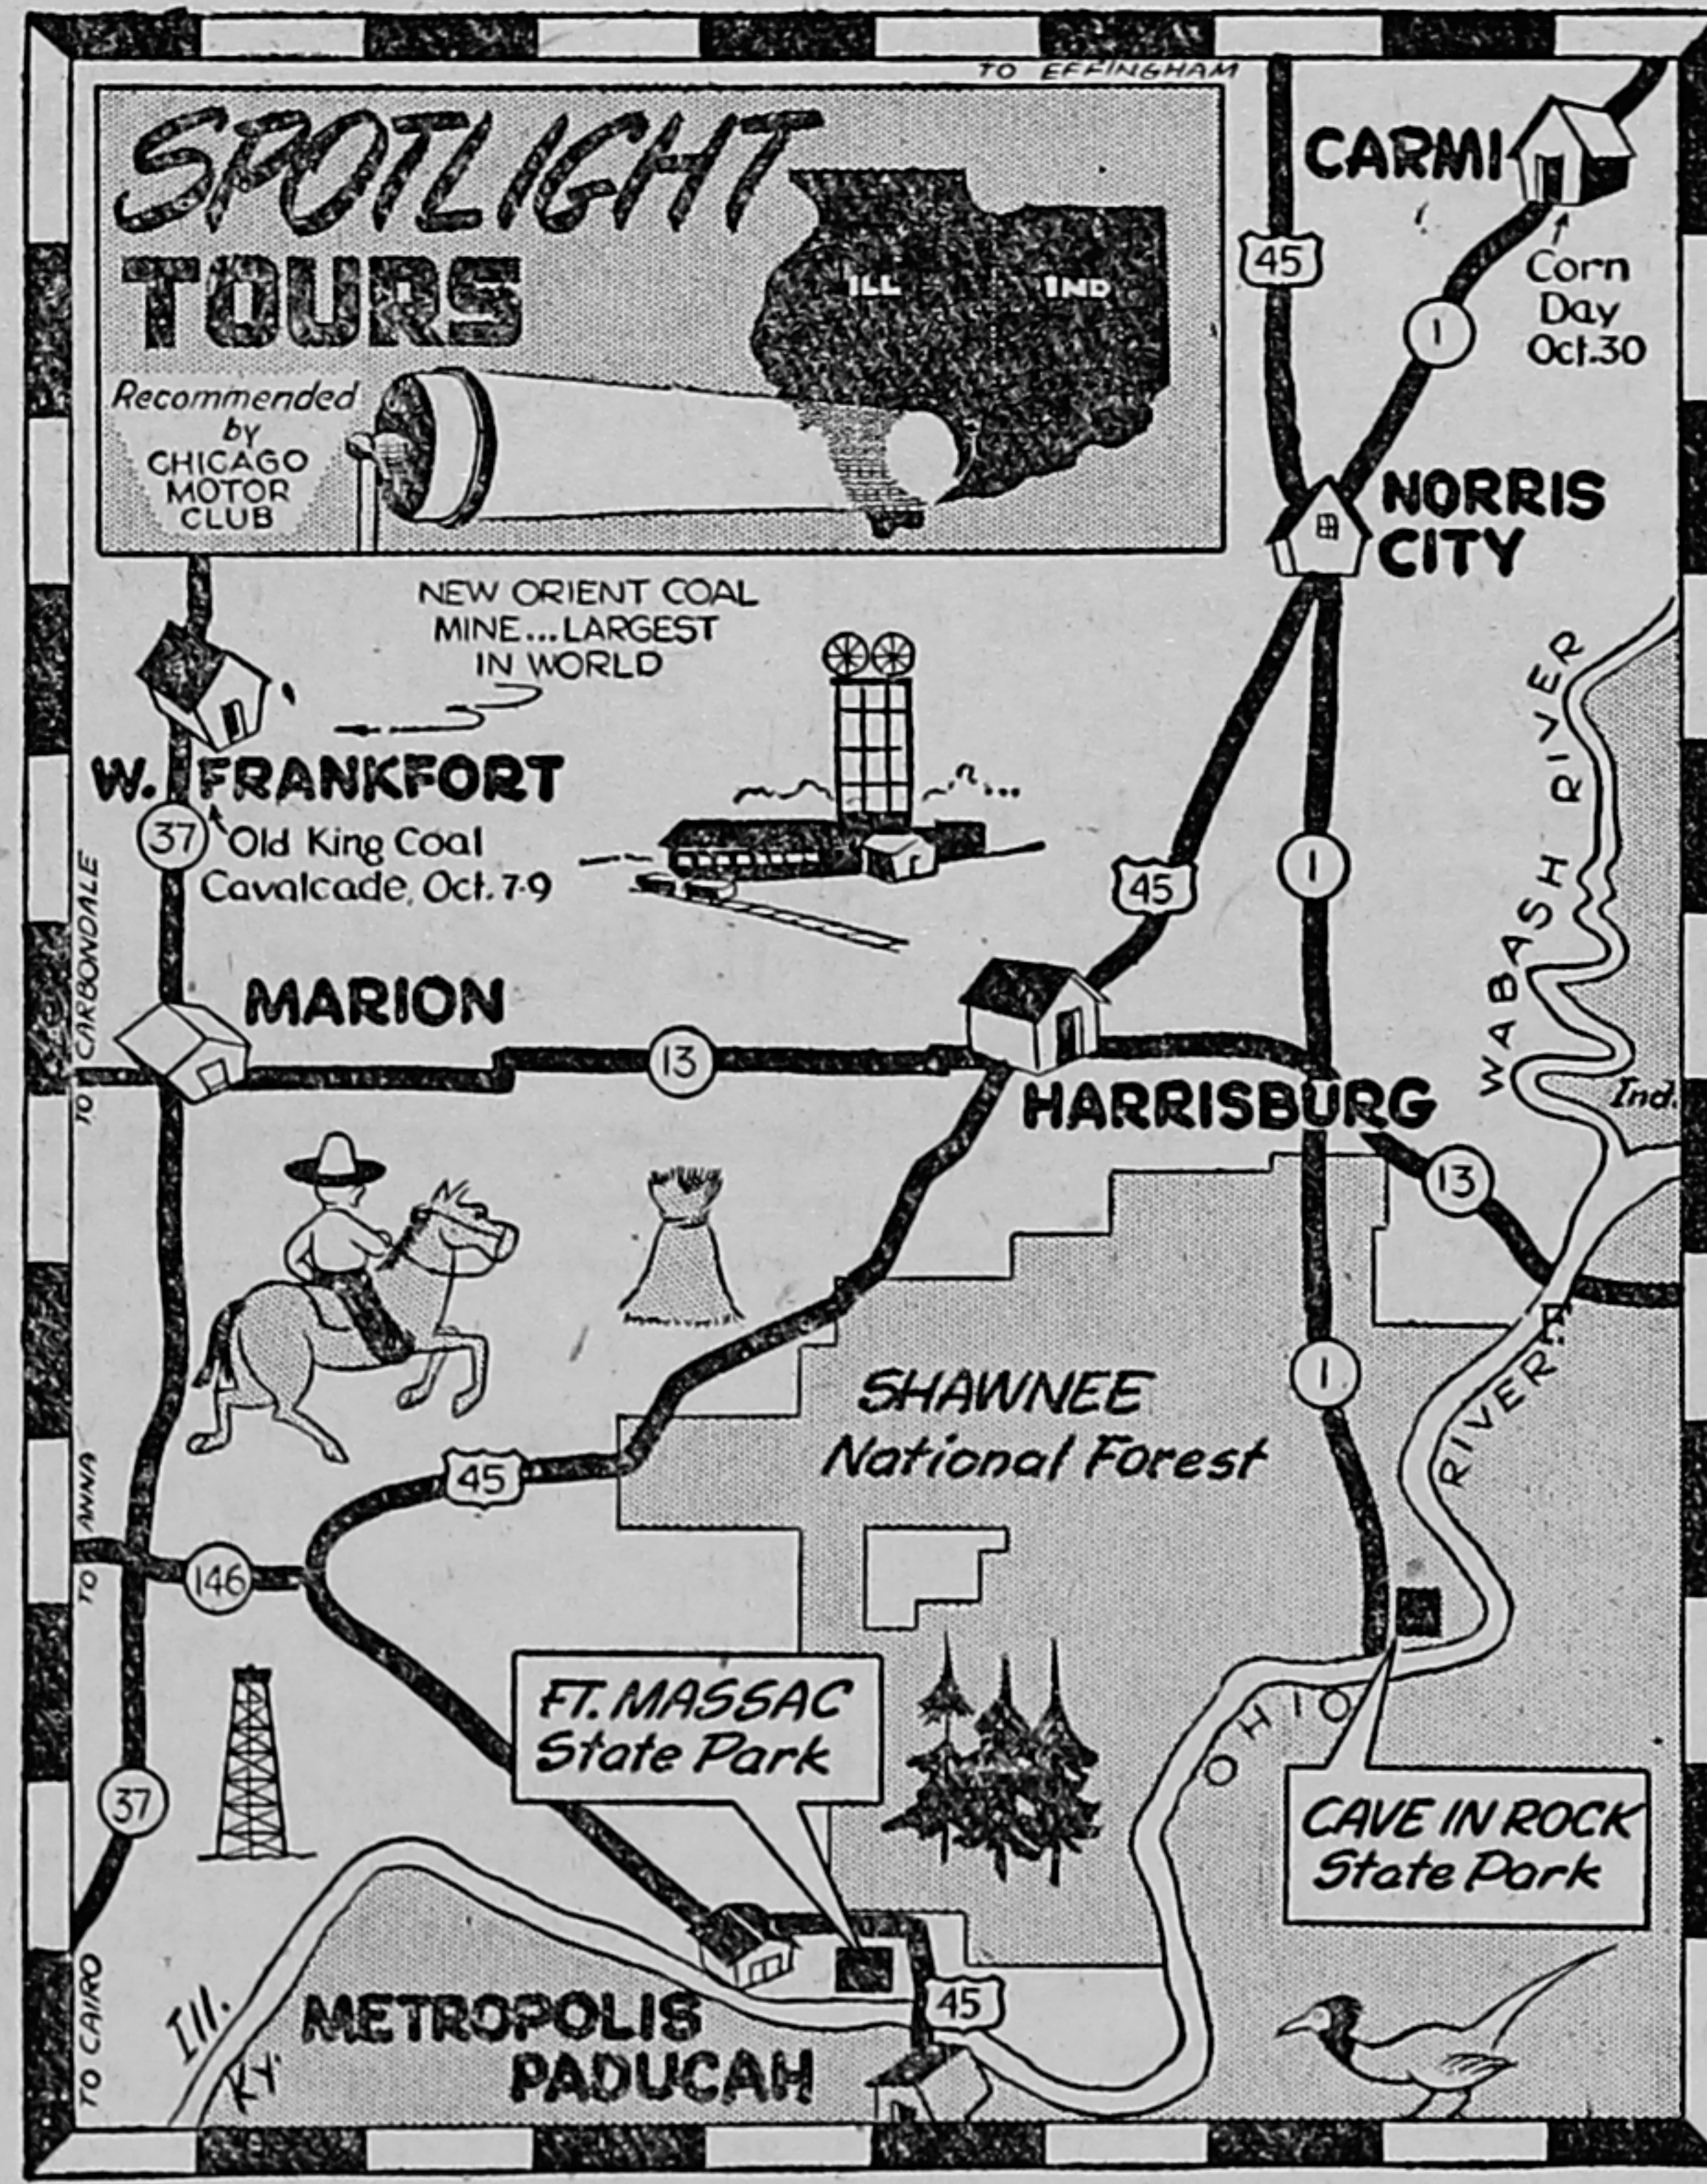

Longview High School Will Open on Monday, Aug. 30

The Longview Township high school will open Monday, Aug. 30, Principal H. H. Jarman has announced. The school bus will arrive in Broadlands about the usual time.

Petition Seeks Grade District For Longview

Longview, Aug. 14—Establishment of a 35-square-mile community consolidated grade school district in the Longview area of Champaign and Douglas counties has been proposed in an election petition filed with Ernest M. Harshbarger, Champaign county superintendent of schools, it was announced Saturday.

Twenty-four sections of the land are in Champaign county and approximately 10 1/2 square miles are in Douglas county. The Champaign county territory is part of the 88-square-mile 12-grade community unit school district No. 8, recommended for the Homer-Longview-Broadlands area by the Champaign county school survey committee.

Harshbarger will call an election on the Longview consolidated grade school district proposal within 30 days after the petition has been reviewed by the Champaign and Douglas county survey committees.

The Champaign county portion of the proposed consolidated district includes a block of six common elementary districts, South Raymond 145, Longview 146, Fairview 149, Bongard 150, Danforth 151, Pleasant Hill 152.

In Douglas county, the 10 1/2 sections of land are that part of the present Longview township high school district which has not been annexed to 12-grade unit districts at Newman and Villa Grove. The land includes parts of six Douglas common districts, Nos. 23, 24, 25, 26, 27 and 31.

It was pointed out Saturday that filing of a Longview consolidated grade school petition will not prevent a special election on establishment of Homer-Longview-Broadlands proposed 12-grade unit No. 8.

The Longview effort to set up a consolidated grade school district was interpreted, however, as an opposition stand to the survey committee's plan to unite Longview, Homer and Broadlands into a 12-grade district.

Newman Twp. High School Will Open Monday, Aug. 30

The Newman Township high school will open Monday, Aug. 30, officials have announced. A bus will be furnished to haul Broadlands students to and from the school.

Mrs. Belle Smith Is Hostess to L. W. Class

The L. W. Class of the Ev. U. B. Church met Wednesday afternoon with Mrs. Belle Smith.

Mrs. Lula Pearson, president, opened the meeting. It was decided to turn in the 25c investment at the September meeting.

The devotional was led by Mrs. Essie Shultz, her topic being "The Bible." A silent prayer and two poems were given in memory of a late member, Mrs. Ella Maxwell.

Entertainment was in charge of Mrs. Olive Rayl. The hostess served lovely refreshments.

Members present were Mesdames Dophia Warner, Leona Bergfield, Olive Rayl, Lula Pearson, Kate Stutz, Essie Shultz, Olive Benefiel, Belle Smith.

Misses Leona and Nellie Smith were guests.

150 Attend Basket Dinner at Longview on Tuesday

About 150 attended the basket dinner of the Broadlands and Longview 4-H clubs, the Longview and Broadlands Farm Bureau units, and the Broadlands Home Bureau unit, at the Longview high school grounds, Tuesday evening.

The girls' 4-H club ball team beat the boys' team, 10 to 4.

Members of the 4-H clubs entertained with the following numbers:

Sandra Woolverton—Tap dance and song.

Marjorie Wiese—Reading.

Ethel Mae Coryell—Tap dance.

Jean and Brenda Nonman—Tap dance.

Other numbers were given as follows:

Oscar Gallion's Barbershop Quartet—Four numbers.

Champaign County Rural Chorus—Five numbers.

Hello World!

Mr. and Mrs. George Dohme are parents of a daughter born Tuesday, Aug. 17 at Mercy hospital, Urbana. The young lady has two brothers and three sisters.

Mr. and Mrs. Howard Hibbs of Tempe, Ariz., are parents of a 6 1/4-lb. son, Stephen Lee, born Tuesday, Aug. 10. The mother is the former Lois Zantow of Broadlands.

Theodore Ringo Weds Urbana Girl

Theodore, youngest son of Mr. and Mrs. W. E. Ringo, of Longview, and Betty, daughter of Mrs. Lola Sadler, Urbana, were united in marriage at 5:00 p. m., Sunday, in the Longview Methodist Church. Rev. Cecil Morris of Camargo read the double ring ceremony in the presence of 60 guests. Mr. Douglas, a close friend, gave the bride in marriage.

The couple was attended by Miss Hazel Sadler, sister of the bride, as bridesmaid, and Ralph Hedrick, as best man.

Mrs. Eugene Partenheimer played bridal airs and the processional and recessional. Gerald Appgar and Eugene Partenheimer were ushers.

The church was beautifully decorated with pink gladioli and lighted candelabra.

The bride wore a beige suit with black accessories and a corsage of white roses. The bridesmaid wore a green suit with black accessories and a corsage of pink roses.

The bride's mother wore blue jersey and a corsage of pink roses. The groom's mother wore pink bemberg and pink roses.

A reception was held at the home of the groom's parents following the ceremony. The happy couple received many lovely gifts.

After September 1st they will be at home at 508 W. Washington St., Champaign. The groom will enter Illinois Commercial College. The bride will be employed as a bookkeeper at the Household Finance Co.

Mrs. Verla F. Darley and Charles Sollers Wed

Mrs. Verla F. Darley, Danville, and Charles Sollers, Newman, were married at 9:45 Saturday morning, Aug. 14, in the home of Mr. and Mrs. Howard Clem, brother-in-law and sister of the bride.

Rev. W. H. Loyd, pastor of the local Methodist church performed the single ring ceremony in the presence of the immediate families.

The couple was attended by Mr. and Mrs. Deck of Ypsilanti, Mich.

The bride wore a brown street length dress with matching accessories and a corsage of pink roses. Mrs. Deck wore a black street length dress and a corsage of white carnations.

After a short wedding trip Mr. and Mrs. Sollers will make their home in Newman.

Myrle Maxwell Hurt In Truck Accident

Myrle Maxwell, 14, of Broadlands, was in Burnham City hospital Saturday night with shoulder and back bruises after being injured in a truck accident.

The accident occurred shortly before 8 p. m. about a half mile south of Broadlands on a narrow slab road.

The girl was driving a pickup truck, owned by Clark Henson of Broadlands, when the accident occurred. She was accompanied by Ardelle Moore, 14, of Lawrence, Ind., who escaped with a few scratches and bruises.

Witnesses reported the truck was traveling north on the slab road and swerved into a ditch on one side of the road, then on the other side, and turned over.

Dortha Stuebe Bride of Robert Pontious

Miss Dortha Stuebe, daughter of Mr. and Mrs. Louis M. Stuebe of Broadlands, became the bride of Robert L. Pontious, son of Mr. and Mrs. Roy Pontious, Villa Grove, at three o'clock, August 15, at the Immanuel Lutheran church.

The Reverend P. E. Kerkhoff performed the double ring ceremony before an altar decorated with pink gladioli, palms, and lighted tapers.

Gene Luth, organist, presented a program of bridal melodies before the ceremony, including "I Love You Truly," "Because," and the traditional bridal marches.

The bride, given in marriage by her father, was attended by her sister, Miss Alberta Stuebe, as maid of honor. Steve Magill, cousin of the bride, was ring bearer.

The bride wore a floor length gown of white satin with a short train. The crown of her fingertip veil was trimmed with beaded pearls to match the neckline of her gown. Her only jewelry was a strand of pearls, gift of the groom. She carried a bouquet of white carnations with an orchid in the center. The maid of honor wore a light blue floor length gown of marquisette over taffeta with a matching cap, and carried an arm bouquet of pink roses.

Richard Pontious, brother of the groom, was best man, and Lyle Lannon and Jacob Ousley were ushers.

Following the ceremony, a reception was held at the church for about seventy-five guests. Mrs. Phyllis Ousley, sister of the bride, Miss Barbara Pontious, sister of the groom, and Mrs. Stanley Miller and Mrs. Warren Craig, college roommates of the bride, served at the reception.

The table was decorated with a three-tiered wedding cake topped with a miniature bride and groom. Mrs. Pontious attended Illinois State Normal University, and taught in Villa Grove the past two years. Mr. Pontious is a senior in the engineering school at the University of Illinois.

After a week's trip north and east, the couple will be at home in their apartment at 112 Vine St., Villa Grove.

Local Women Sing In Chorus at State Fair

Mesdames Ida Messman, Ora Wiese, Edith Woolverton, Thelma Clem, and Miss Ethel Mae Coryell sang in the State Rural Chorus at the State Fair, Springfield, Saturday evening. They were heard over the WLS barn dance at 6:15 and again at 8:45.

Others accompanying the group to Springfield were Woodrow Woolverton and daughter, Sandra, Mr. and Mrs. Oliver Coryell, Mr. and Mrs. Ralph Clem and Miss Judith Morris.

Market Report

Following are the prices offered for grain on Thursday in the local market:

No. 2 yellow beans, new ...\$2.37
No. 2 yellow corn..... 1.84
No. 2 oats..... .65

Parking spaces should be painted on the village streets as a convenience for people who come to Broadlands to shop.

THE BIBLE SPEAKS

By DR. KENNETH J. FOREMAN

SCRIPTURE: Acts 9:36-42; Matthew 25:31-46
DEVOTIONAL READING: Proverbs 31:10-31

Religion: Hand-Sewn

Lesson for August 22, 1948

THE NEIGHBORS didn't know what Tabitha's ideas were. She never went down in history as a great thinker. What church she attended, whether she ever took part in a prayer-meeting, what her spiritual life was like, the neighbors did not say. But they cried when she was dead. She was a good woman, they knew. When Simon Peter came that way, they did not tell him about Tabitha's prayers or her peace of conscience. No doubt she had these. But what the neighbors brought in to show how good their friend had been, was—"coats and garments." All made by hand, her hands; made for her poorer neighbors, widows. In those days widows were not protected by life insurance, social security or annuity plans. They could not go out and earn big money in factories. To be a widow, as a rule, meant to be in need of help. Too many of them starved. So Tabitha spent her time making clothes for the widows of her city.

Dr. Foreman

Full of Good Works
THE BIBLE says she was "full of good works." It does not say she was full of faith or full of love. Just full of good works. We can be pretty sure the faith and love, the religion, was there, but it was the good works that people noticed. Religion in Tabitha's house was translated into the language of coats and skirts. Religion always has to be translated into something we can understand. Religion uses words, of course; books full of them. We cannot get along without them. They stand for something. But where the Christian religion is concerned, we cannot stop with words.

Would They Want You Back?

THERE MUST have been a number of deceased Christians in Joppa, but the only one who seems to have been worth a miracle to bring back to life was this woman Tabitha, or Dorcas. Her life was over, yet it was a life worth living again. How many people would be worth bringing back to life again? How many funerals would the neighbors want done in reverse? Not many, maybe, but if the neighbors voted at each funeral, as they did at Tabitha's, on the question, "Do we want this person back again?" they would usually vote for people like Tabitha, whose religion was all hand-sewn.

What Is Service?

SERVICE IS a word much used in Christian circles. We even have the world around us using the word. Department stores, government agencies, radio manufacturers, filling stations, all offer service. The trouble is that much of this is something for which you have to pay. And much so-called service is simply mending something that was not done right in the first place. Tabitha's service was of a different kind. It was genuine doing for people who couldn't do much for themselves and who certainly could not do anything in return. Even among Christians, when we think of service we set our sights sometimes too high. We think of Telemachus, who stopped the brutal sport of gladiators murdering one another on Roman holidays. We think of great missionaries or settlement workers, or Christian statesmen like Gladstone or Kuyper. All honor to such men and women; they inspire us all. Yet they discourage us, too. For these great Christians are "special" people; they had outstanding talent, some of them even genius. They had opportunities given only to a few, opportunities that do not come in every one's lifetime.

Religion in the Hands

WE SHOULD REMEMBER this Tabitha, or Dorcas. All she had was her hands and some pieces of cloth. Her only opportunity was a poor city filled with poor people. Her only talent was one most women have: Plain sewing. Yet the Tabithas, the Dorcas, make the backbone of Christianity. They are the salt of the church, the salt of the earth. In your own town, in your own community, if the Christian religion is loved and respected, it is not because of the famous preachers; it is because of the humble doers, the people whose Christian religion goes to their hands.

New Jewish Demands

During the present truce in Palestine, there has been some fighting at various points, but no important battles have been reported. Count Bernadotte, the United Nations mediator, has so far been unable to devise a plan for permanently ending the struggle between Jews and Arabs, however, on terms acceptable to both sides.

Moreover, some new problems have been injected into the already difficult situation by the demands of Israel for more territory than was originally assigned to the Jewish state in the United Nations partition plan. The demands were outlined by Israel's foreign minister, Moshe Shertok, recently, in an address to the state council of Israel, when he said:

"The Arabs are responsible that the boundaries fixed by the United Nations are no longer practical, and we must insist on changing them by adding territories and not by diminishing them."

He also declared that Israel will take steps to place Jerusalem under Jewish sovereignty, and has rejected Bernadotte's plan to demilitarize the Holy City, because it provided for eventual Arab rule.

Shertok further stated that Israel will refuse to permit the return of any of the 300,000 Arabs to their homes, from which they were driven by the Jewish Army in the recent fighting, until other Jewish demands are met. He said Israel will demand "heavy indemnities" from the Arabs as part of the price of peace.

Israel's claim to all of Jerusalem is based on these allegations: "War was waged against Jerusalem by British arms, money and officers. The Christian world did not protect Jerusalem from destruction. Most of Jerusalem and its approaches were conquered by Jewish arms."

In the light of Shertok's statements, it appears that the Jews want to fight it out with the Arabs, whom they are confident of defeating in an all-out war. Peace in Palestine seems a long way off.

Soviet Living Costs

An article in the current issue of the U. S. News gives some interesting comparisons of living costs in Russia and the United States. The figures on which the article is based are from the U. S. Bureau of Labor Statistics.

The data is arranged to show how long the average worker in each country would have to labor to earn enough to buy the items mentioned.

Russian prices are those charged in government stores. If these stores do not have certain desired items, they usually cost much more in the open market.

(In the following paragraphs, R represents Russian worker; A represents American worker.)

- For a loaf of bread, R works 70 minutes, A 6 minutes.
- Quart of milk, R 71 minutes, A 9 minutes.
- Dozen eggs, R 163 minutes, A 31 minutes.
- Shirt, R 4 weeks, A 3 hours.
- Cotton dress, R 32 hours, A 4½ hours.
- Shoes, R 108 hours, A 9½ hrs.
- Man's wool suit, R 12 weeks, A less than 1 week.
- Wrist watch, medium quality,

- R 337 hours, A 18 hours.
 - Radio, simple design, R 225 hours, A 21 hours.
 - Sewing machine, R 375 hours, A 67 hours.
 - Bicycle, R 466 hours, A 31 hrs.
- These are the average periods of work required to earn the items listed, by Russian and American workers, respectively. The U. S. News estimates that taking all cost of living items together, the ordinary Russian worker's buying power is only about one-tenth as much as that of the average American worker.

In the Soviet Union, prices are fixed by the government, and workers can't strike. Such are the fruits of Communist dictatorship, backed by an army of secret police.

Some More Polls

Results of the first Gallup poll taken since the Republican and Democratic conventions were held, show the following percentages of votes cast:

Dewey, 48 per cent; Truman, 37 per cent; Wallace, 5 per cent; undecided, 10 per cent.

If the undecided voters were eliminated from the computation, the vote of those expressing a preference would stand as follows:

Dewey, 53 per cent; Truman, 41 per cent; Wallace, 6 per cent.

In an effort to determine what percentage of voters read all or any part of the party platforms, a poll by Dr. Gallup shows the following:

Only 7 per cent read all of both Democratic and Republican platforms; 32 per cent read part of the Democratic, and 21 per cent read part of the Republican; 61 per cent read none of the Democratic, and 72 per cent read none of the Republican.

Interesting Notes

The game of chess originated more than 5,000 years ago in Hindustan.

The rat population of the United States has been estimated at 130,000,000.

24,000 of some 32,000 auto licenses suspended or revoked in California in 1947 were for drunken driving.

The tropical cyclone is known as a hurricane in the West Indies, and as a typhoon in the China seas.

The first grapevines in Europe were planted on the Rhine river by the German King Ludwig in 842 A. D.

Even the most efficient gliding birds lose altitude unless they flap their wings occasionally, or soar on up-currents.

The hairspring in a lady's wrist watch is less than 1/32 the diameter of an average human hair and vibrates 18,000 times an hour.

The first American to engage in meat packing was William Pynchon of Springfield, Mass., who in 1655 started to drive cattle to Boston.

Before the establishment of standard time on Nov. 18, 1883, American railroads were using about 100 different standards of time.

During the Middle Ages "Love lotteries" persisted in many European countries. The French allotted couples one year to get married or part company.

More than one-third of the Sahara desert is sandy, and the rest is rocky and traversed by chains of mountains rising about 2,000 feet in height.

Nearly one-quarter of a million sightseers visited ships of the Navy on their recent goodwill cruise to Ireland, Denmark and Norway.

Equivalent of Milk
Figures on utilization of milk generally are in terms of the equivalent of milk containing 3.5 per cent butterfat. Where cream is included, the figures also have been converted to milk of 3.5 per cent butterfat content; i.e. to include one quart of cream of 19 per cent butterfat content in a tabulation of milk figures, the cream must be converted mathematically to the equivalent of milk of 3.5 per cent butter fat content.

Make these 4 comparisons before you buy any car

COMPARE THE VALUE
Yes, compare the features—compare the prices—compare what you get for what you pay—and you, too, will come to the conclusion that Chevrolet continues to be first in value, just as it continues to be first in Big-Car Quality at Lowest Cost, and just as it continues first in demand, year after year.

COMPARE THE POPULARITY
You can identify the biggest value in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet—outstanding leader in popularity for the total 17-year period, 1931 to date!

COMPARE THE FEATURES
Only Chevrolet combines the Unitized Knee-Action Ride for gliding smoothness; the world's champion Valve-in-Head engine for performance and economy; Body by Fisher for tasteful beauty; and Fisher Unisteel Construction plus Positive-Action Hydraulic Brakes for all-round safety protection!

COMPARE THE PRICES
You'll agree with millions of other car buyers that prices—like quality—are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet prices are the lowest in its field. Chevrolet costs less to buy, to run and to maintain!

Only Chevrolet gives BIG-CAR QUALITY AT LOWEST PRICES . . . that's why

CHEVROLET—and Only CHEVROLET—IS FIRST!

No Iron Curtain

The Communistic attitude is getting to be pretty well known to Americans. Even the Iron Curtain has not been able to hold behind its barriers the ideas and thoughts of men. We have come to understand what the Russian Communists think by watching the actions of their American comrades. Everybody knows that the Communist party in this country watches Moscow closely. We can believe that Moscow keeps them in line, too.

Everybody knows also that the Communist party in the United States is not very powerful. In terms of what it can do legally as a party, the average American gives it very little attention. However, what the party would do if it thought it could get away with it—that is another thing. In this respect, home-grown Communist opinion is very enlightening.

Outside the Law

Recently, William Z. Foster, top man for the Communists in America, told the Senate his party would not support the nation in event of war with Russia. He was testifying before the Judiciary Committee on the Mundt-Nixon bill, which would put strict controls on Communists. Foster defiantly told the committee that if the bill should become law the party would not register with the Department of Justice as required.

Foster shouted that Russia would never attack the United States. His reason: Russia is not an imperialistic nation. At the same time, he said that America has embarked upon an imperialistic program, the greatest in history. (Imperialism means the practice of seeking control or dominion over other lands and peoples.) Way the American Communists have the situation sized up bears no kinship to the plain truth in international affairs.

Who's Imperialistic?

Any school boy knows that America has no ambitions for the control and domination of other countries. On the other hand, what Russia is doing in eastern Europe looks like the most obvious kind of "taking over." It is this same William Z. Foster who once wrote that the Communist party would take over the United States government and liquidate the free enterprise system, along with the Republican and Democratic parties and our religious institutions.

The rankest kind of imperialism known today may be seen in the Communist Internationale, to which all world Communists are responsible. This world organization exists for the purpose of satisfying the imperialistic ambitions of Russia's political rulers. It uses Communists wherever they are. It plots the overthrow of other governments by force. It incites revolutions wherever Communists stand to gain.

Watch Their Tactics

Communists will continue to do everything possible, by whatever methods, to hamper domestic peace and prosperity. They seek to set worker against employer, to create costly strikes and walkouts that cost the American public and workers billions of dollars.

The Communists did these things during the recent war. No good may be expected from them, either in time of war or peace. As good American citizens we must study their tactics, so that when we see the fruits of Communistic skulduggery we can identify the tree from whence it came. As Communist tactics and ideas are made clear, every one of us will have more appreciation for our own way of life.

Pat, you'll ruin your stomach drinking that vile stuff!
Nivver mind—it won't show with me trousers on.

The ivory carvings you sold me last week turned out to be imitation.

I can't understand it—unless the elephant had a false tooth.

The Cavalry recruit was instructed to bridle and saddle a horse. Ten minutes later the sergeant-major came along for his mount and found the recruit holding the bit close to the horse's head.

What are you waiting for? he roared.

Until he yawns, answered the recruit.

The head of the house approached the young man.

Look here, he said, you've been calling here to see my daughter for a long time now. May I ask what are your intentions?

Well, said the suitor, I had hoped to become an addition to your family.

Let me tell you, was the reply, there's nothing doing in addition. You'll have to subtract.

George, said Mrs. Lovely to her husband: I have received a letter from mother saying she is not accepting our invitation to visit us, and saying we do not appear to want her. What does she mean by that? I asked you to write and tell her to come at her own convenience. You wrote, didn't you?

Yes, said George, but-er-I couldn't spell the word 'convenience,' so I made it 'risk.'

A British doctor was called upon to attend the butler of an aristocratic but impecunious patient. When he arrived he found the man in bed, and a superficial examination revealed that there was nothing whatever the matter with him.

It's like this, sir, said the butler in a hoarse whisper. 'Er ladyship owes me L6 in wages, and I'm goin' to stop 'ere until I get

it. And a darned good idea, too, said the doctor. Move over—she owes me L50.

Animals Given Trials

Trials for animals held as murder suspects and accused of other crimes were given all the solemnity conferred upon human criminals by the courts of Europe until the last century. In 1364 a pig was accused of killing a child. The image of St. Pancrace, owned by the church of Chattens, France, was brought forth and prayers said over the child until life was restored to it. Whether the child was actually dead or merely unconscious is not verified, but the pig was cited for murder, convicted and sentenced to die. In 1370 when three pigs killed the son of the owner, the entire herd was arrested. Upon the pleas of the swineherd's owner, only the original three pigs were given the death sentence. There are hundreds of similar cases of animal convictions on record.

RUHM'S PHOSPHATE

How Fine Is "85% Thru 300 Mesh?"

This is a term used to describe the fineness of a phosphate rock ground down to a point where 85% will wash through a copper screen woven so fine there are 300 openings to the inch, 90,000 openings to the square inch. This is so fine that the unaided eye is hardly able to distinguish the weave. This is so fine that to pass through this screen there must be approximately 27,000,000 particles of phosphate rock in one cubic inch of Ruhm's Phosphate Rock. This is finer than flour, finer than cement, finer by far than any other phosphate rock sold on a commercial basis.

Know the size you need before you buy a water heater

Number of Persons	Gallon size
2	40
3	52
4	66
6	80
8	100

Figures represent minimum needs. To be sure, get heater one or two sizes larger.

Your new Electric Water Heater will be your faithful servant for years to come, so be sure to get one large enough to serve your present needs and meet your future expectations. Remember, there are those wonderful, drudgery-chasing automatic washer and dishwasher machines in your not-too-distant future to bring you greater joy of living. They need plenty of 150 degree hot water to give you snowy white laundries, sparkling bright dish washings, and still leave enough for your family's other demands. Ban that bugaboo of waiting for hot water. Buy a heater now, buy it large enough and have plenty of hot water every time you twist the tap.

CENTRAL ILLINOIS PUBLIC SERVICE COMPANY

LOW COST ESSENTIAL SERVICE TO INDUSTRY, BUSINESS AND HOME

daughter of Rockford spent the weekend with the former's parents, Mr. and Mrs. W. E. Ringo. Ada Ringo accompanied them home for a visit.

Mr. and Mrs. O. E. Brooks entertained on Sunday, Lee Brooks and family, and Vernetta Kauffman of Eureka; Doll Foran and family, Allerton; Everett Chandler and family, Ridgefarm; Robert McCoy and family, Ogden; and Donald Brown, Homer.

Household Hints

Did you know that a lemon will put a good taste in your mouth after you have eaten onions.

A mixture of orange rind and sugar makes a delicious topping for plain vanilla cookies.

Before frosting a cake be sure to brush all the crumbs off the top and sides.

If you are looking for something different, make peanut balls to serve with salad. Simply roll peanut butter into small balls dip in powdered sugar and serve.

Grind leftover meat, moisten with leftover gravy and put in a greased casserole, top with rounds of baking powder biscuit dough and bake in a hot oven.

Leftover potatoes are delicious in an omelet. Dice the potatoes, then saute them, with a little chopped onion in a skillet; add the omelet mixture and cook as usual.

Grated American cheese is excellent added to French dressing or mayonnaise and used on cooked vegetable salad. Serve on a bed of greens such as chicory or watercress.

The next time you are making sandwiches, slip the knife with which you are slicing tomatoes into an onion several times while slicing each tomato. This will give a delicate onion flavor, but the onion taste will not be strong enough to be unpleasant.

Mrs. Ella V. Maxwell Leaves Estate of \$8,000

The will of the late Mrs. Ella V. Maxwell, Broadlands, on file with the county clerk, disposes of personal property valued at \$8,000. Her children and grandchildren are the beneficiaries.

Her son, Eddie B. Maxwell, Broadlands, is named executor.

Idaho's Rock Cities
Two rock cities, composed of granite shapes resembling buildings, cathedrals, and obelisks, are to be found in Idaho. These rock cities are the Cassia City of Rocks, and another 26 miles north of Gooding.

'Chi-lini' Gym Team Sets Record in First Year of Competition

A championship team during the first season of intercollegiate competition is the enviable record of the "Chi-lini" at the University of Illinois' Chicago Undergraduate Division. The record was set by the gymnastics squad in a sport that is becoming increasingly popular in collegiate circles.

Led by outstanding young gymnasts, the "Chi-lini" bettered all competitors in eight dual meets first season, 1947-48. The team turned in victories in dual meets over the University of Nebraska, Michigan State, and the University of Chicago.

Although not eligible to compete against the Western Conference schools, the squad tallied more points than the Big Nine winner in an open Western Conference meet last March.

One of the stars, a 19-year old freshman at the Chicago branch, won a berth on the 1948 U. S. Olympic team. William "Bill" Roetzhim turned in an outstanding performance at the N. A. A. U. meet, won the C. A. A. U. all-around crown, and the Western Conference all-around championship. Roetzhim is the youngest member of this year's Olympic gymnastic team and one of three college men selected for the international competition.

A teammate, Irving "Shorty" Bedard, captured the N. A. A. U. tumbling championship. A winner in gymnast circles since he was eight years old, the 135-pound tumbler specializes in a triple spin in mid-air, a trick considered next to impossible among gymnasts. A "Chi-lini" freshman, he is now rated as one of the best tumblers of all time.

Both boys will be eligible for competition during the 1948-49 season at the Chicago Undergraduate Division.

Mines Offer Future To College Grads.

Mining engineering as a field of work for college graduates is being called to the attention of men planning to enter the University of Illinois. Prof. George B. Clark points out that:

—More than at any other time in history the mining industry needs trained engineers.

—Many more openings exist than there are graduates available, giving wide choice of work and employment.

—Salaries, even to new graduates, are excellent.

—The University of Illinois has one of the nation's leading mining engineering schools.

—While other engineering departments at the University are crowded, openings for more students exist in mining.

He said that the four fields of opportunity for graduates in mining engineering are: coal mining, metallic and non-metallic mining, research, and teaching. Among the work is prospecting for new ore bodies.
