You've got one more week to think it over — whether to use that poppy you had left over from Poppy Day of several years ago, or to turn over a new leaf and buy a fresh poppy on 1948 Poppy Day, come a week from next Saturday.

We've had National Cat Week, National Baby Week, National Bond Buying Week, and so on. There used to be only 52 weeks in a year. Now there are 150.

"Nature Boy"

Some of the local mushroom hunters, even after they go to the trouble of bagging a good "catch" of mushrooms in some secret hideaway, are troubled no end as to whether they actually snared mushrooms or toadstools. You can tell the difference this way, say some of our home town naturalists: The mushroom always has a stocky stem and is meaty at the top of the umbrella part and the thin skin on the umbrella can be peeled nearly to the crest. With the toadstool, it is altogether different. Another way to tell the difference — about six to eight hours after you've eaten them, if you're still alive, they were mushrooms!

The farmers are working nights now to get that corn planting in on an early schedule. They're night workers without the luxury of a snooze in the coolness of the early morning hours — almost an around-the-clock schedule.

These chilly mornings and the warm sunshine as the day advances would be typical of mid-October if it were not for the brilliant greenery of the foliage, the bird songs and the constant tilling, planting, pruning. The October haziness of the atmosphere is also lacking, although there may be considerable mental haziness here and there.

Father's Day will be celebrated Sunday, June 20, and while Dad will be king for a day at that time, history shows that he has had his ups and downs and hasn't always been "head man." Back in the Stone Age, we are told, the father of the family was usually a tyrant, and as he grew older, one of the sons often disposed of him in a fierce hand-to-hand battle and then "took over." The dandelion has been popular on Father's Day greeting cards ever since a class of young folks in Wilkinsburg, Pa., chose it as the day's characteristic flower because "the more it's trampled on, the more it grows."

A number of persons have suggested that the word "billion" is confusing to everyone, that it has become meaningless and should be stricken from the language. A billion dollars is a thousand million dollars, they say, so why slur over this tremendous amount by calling it a billion. Who can actually visualize a billion dollars? It is said that at $1 an hour, 40 hours a week, 50 weeks a year, it would take a workman 500,000 years to earn this sum of money, or it would take the total earnings of 500,000 men on the same basis, one year to equal this sum — no deduction for taxes. The total wages earned by all the workers in the industrial areas of St. Louis, Los Angeles, Baltimore, Milwaukee, Buffalo, Cincinnati and San Francisco in the year of 1939 did not equal this amount.

We're going to have some excellent athletes a few years hence judging by the performance of our grade school thinly clads who took part in the Vermilion county grade schools' track and field meet last Saturday. Our local boys made a fine showing, a credit to the instruction and training given them, both in athletics and general deportment.

Two can eat as cheaply as one, if one likes leftovers . . . Man is strange — he always wants other folks to agree with him, but craves food that won't agree with him . . . The busy bee lives well. He works hard all day and spends every evening with his honey . . . We are easily impressed with numbers — a mere dozen bicycle riders will create attention . . . If you would see a man often, borrow money from him.

Our Clean Story Club — Mr. Dudd shook his head wonderingly. "Just look at this suit I'm wearing," he observed. "The wool was grown in Australia, the cloth was woven in New England, and the thread comes from India. The suit was made in Baltimore and I bought it in San Francisco."

"What is so remarkable about that?" asked his friend.

"Isn't it wonderful," mused Dudd, "that so many people can make a living out of something I haven't paid for."

Kriviskey Selected As Georgetown High School Principal

Board Picks Westville Man for Position

George Kriviskey, Westville teacher and school administrator, has been chosen by the Georgetown High School Board of Education, District 218, to be principal of Georgetown High School and he has signed a contract for the position. He will take the place left vacant at the end of the school year of Glenn A. DeLand, principal for the last 16 years, who resigned recently to retire from the teaching profession.

The board members had received a large number of applications for the position and they have given

GEORGE KRIVISKEY

considerable time to interviewing applicants and considering their qualifications. A decision was reached at a meeting of the board Monday evening. Mr. Kriviskey was offered a contract, which he accepted.

Members of the board stated that he has been given high recommendations by state school officials, and the members of the board feel that he will be a good high school administrator.

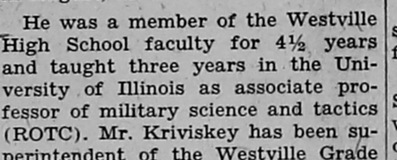
Mr. Kriviskey was graduated from Westville High School in 1927. He attended the University of Illinois and received his Bachelor of Science degree in 1931 and his Master's degree in August, 1946.

He was a member of the Westville High School faculty for 4½ years and taught three years in the University of Illinois as associate professor of military science and tactics (ROTC). Mr. Kriviskey has been superintendent of the Westville Grade Schools for the past two years. He has also served as adult educational adviser in Illinois and Wisconsin in the Civilian Conservation Corps.

During World War II, he served from November, 1940, to January, 1946, in the U. S. Army, a part of the time with the occupation forces in Germany. He was discharged with the rank of lieutenant colonel. He is a member of the Westville Lions Club, the Westville Public Library Board and chairman of the Little Vermilion Boy Scout District. He also holds memberships in the Illinois Education Association, the National Education Association and the Vermilion County Principals Association.

Mr. Kriviskey is married and is the father of a son, 7 years old. Mrs. Kriviskey is the former Miss Ruby Moyer, daughter of Township Supervisor and Mrs. William Moyer of Westville. Mr. and Mrs. Kriviskey attend the Congregational Church in Westville.

The principal's residence on the Georgetown High School campus will be vacated in July, and it is expected that the Kriviskey family will be located there some time during the summer.



Mr. and Mrs. Bill Steppe of Detroit became the parents of a son, Bill Jr., on April 3. The mother is the former Mary Ferraro of Westville.

Congregational Church Notes

Rev. C. R. Dierlamm, Minister

There is a lot of religion in the world, but real salvation is harder to find. The valuation of any religion is the valuation that God stamps upon it. He is not interested at all in a religion of self seeking, or one of attaining to success without Him, or in individualism. People who attend church and are self seeking will be disapopinted. Those who strive for great success and forget their neighbor will end in failure in spite of their financial success. Religious people who are individualists will reach dead end by way of their narrow lanes of exclusive living. The satisfactory religions today regardless of denominational bent, Jewish, Catholic or protestant are those that take into consideration others, namely to love our fellowmen as we love ourselves and to love God with all the mind, soul and strength. Happy is the man who finds the god of his salvation.

'County's Oldest League' to Continue

Four Teams in Contests For This Season

The oldest baseball twilight league in Vermilion county, the original Westville league, will open its season Monday, May 24, for the 17th successive year. Even the second World War failed to disrupt this league, when boys were called into Uncle Sam's Army for service in Europe, Japan, and the thousand and one Pacific islands, bringing an extreme shortage of players. This league, however, continued to carry on.

The league was organized in 1931 by "Duck" Rimshas and Al Galan in old North Hall, now Jack Walbley's place of business. The league season will open with four teams in the harness — Bubble Up, Horseshoe Bar, Hegeler and the American Legion. All teams are asked to furnish baseballs for each game this season. It will be the first time that this will have to be done.

In other years, funds have been raised from benefit shows and donations by village council members, which have been a big help. This year, the Village Board has improved the park diamond with screen wire.

Team managers will be: Bubble Up, Rimshas manager; Horseshoe Bar, "Snooze" White; Hegeler, Charlie Tison; American Legion, "Hap "Youhas. Horseshoe Bar will play the Legion nine Monday, and Bubble Up will play Hegeler Wednesday evening.

Eighth Grade Pupils of 3 Schools Take Trip to Chicago

Eighth grade pupils of Central, Edison and McMillan Schools visited the Brookfield Zoo, the Field Museum and the Shedd Aquarium Thursday, May 13, making the trip to Chicago by chartered bus and accompanied by principals of the three schools, Miss Virginia Cayez, O. G. Howerton and Donald Buskirk.

. . . Showers . . .

A bridal shower was held at the Ss. Peter and Paul parish hall last week in honor of Miss Ann Van Dyke, with approximately 100 guests in attendance. The evening was spent playing bunco and euchre, with the following prize winners: Mrs. Anna Bitout, first in bunco, Mrs. Mary Moreiko, second, Mrs. Anna Miglin, floater and Mrs. Valerie Sungail, consolation. Mrs. Belle Mensavage, first in euchre, Mrs. Lena Rauktis, second, Mrs. Barbara Smith, loner and Mrs. Lena Burke, consolation.

Refreshments were served by the hostess, Mrs. Anna Van Dyke, following the games. Mrs. Van Dyke was assisted by her sister, Mrs. Mary Chicas, and friends. The guest of honor received many lovely gifts.

High School Notes

The annual Westville High School Junior-Senior banquet was held at the Grier-Lincoln Hotel Saturday evening. Dancing to Art Leonard's Orchestra was enjoyed following the meal.

DAUGHTER OF FORMER COACH HERE TO WED ATHLETE

Friends here have received word that Jane Sutherd, daughter of Mr. and Mrs. C. E. Sutherd, will be married next month to Perry Moss, University of Illinois quarterback. Mr. Sutherd, known as Fuzzy, was formerly coach at Westville High School.

MOVE TO HOME HERE

Mrs. Julia Kernene and daughter, Karen, recently of Chicago, have moved to the former Boyer home on S. State St., which Mrs. Kernene recently purchased. She is the former Julia Burdzeus.

Club Meetings . . .

Merry Wives Club met with Mrs. Kay Menestrina, Victor St., recently when prizes in bunco were won by Mrs. Theresa Rimkus, first, Mrs. Lorraine Knudson, second, and Mrs. Dorothy Stefani, third. Mrs. Lois Carp was a guest player. Refreshments were served following the games. The next meeting will be at the home of Mrs. Knudson, Washington Ave.

Workers Plan Poppy Day Sales; Posters To Be On Display

Legion Auxiliary Prepares for May 29

Annual Poppy Day will be held in Westville on Saturday, May 29, when the flowers will be sold by members of the American Legion Auxiliary, with the chairman, Mrs. Nina Battani in charge.

In conjunction with Poppy Day, prize-winning posters will be on display downtown. The poppies are being made at the Veterans Administration Hospital, Danville, and proceeds derived from sales go to the American Legion and Auxiliary rehabilitation and child welfare work of the State Department and of the local post and unit. Mrs. Vi Orlea, unit president, announces that workers have been selected to sell the little red memorial poppies.

Westville Breaks Records at County Grades' Track Meet

Georgetown was host to 207 youthful athletes from 14 schools in the Vermilion County Grade School Track and Field Meet held Tuesday afternoon in a full program of some 7 events on the Georgetown High School grounds. The meet, postponed from last Saturday, drew a large attendance.

This was the third annual competition and it developed real momentum, with eight records broken and one record tied in the heavyweight division, and 10 records uprooted in the lightweight class.

Georgetown Grade Schools won first in the heavyweight class and Rossville was first in the lightweight division. Supt. Ralph Miller of the Georgetown public schools, was manager of the meet, which was no small task.

The starter was Leo Gerard. Judges and timers were Lee Anderson and Pat Murphy, Danville, Errett Warner, Allerton; Jay Barnett, Indianola; Steve Davidson, Rossville High School coach; Wilkie Fiske, Fithian; and George Kriviskey, Westville. Paul Beauchamp, Georgetown, was announcer and Roscoe Murray, Georgetown, was clerk.

Merging of High Schools

Alumni and friends of both the Georgetown and Westville High Schools who have become concerned over the possibility of the two schools being merged into a single high school district, or a unit district in which a number of high and elementary schools would be administered, should not be alarmed concerning the consolidation sentiment that is growing in Illinois.

If and when such consolidation should result, the two schools might conceivably become one o fthe strongest secondary school units in the state. At any rate, it would be folly to permit the so-called ancient rivalries between the two towns and the two high schools to dissuade school patrons of either community, or both, from endorsing such consolidation, all things being equal, if called upon to make a decision. Georgetown and Westville citizens have forgotten much of the pettiness that resulted in occasional ill feelings between some elements of the two towns. In the cause of superior educational facilities, such things are of no significance.

With the consolidation trend arises certain problems of finance, obligations for prior bond issues, transportation of pupils and many others. The final decision, of course, is up to the voters of the school districts, which involves campaigns of information and other processes requiring considerable time. Such undertakings, of course, must proceed cautiously.

Various business men and other citizens of Georgetown and Westville mingle, co-operate, consider mutual problems. School administrators and educators likewise have adopted this pattern. Georgetown has hired a Westville school administrator and teacher as principal of its high school. Two such fine schools, united in one district, could provide outstanding opportunity for the youths of both communities and the surrounding areas. The welfare of and the opportunity for the youths should be of first consideration in any eventuality.

Postoffice Service

Some worth while observations concerning the attitude of many congressmen with respect to postoffices and postoffice revenues is contained in an article in the Illinois Postmasters News, which is published at Sidell. The article is by A. C. Farris, postmaster at Champaign, who writes in forceful style on a number of subjects pertaining to postoffice administration in his column in the postmasters' journal, calling himself "Ace."

In the current issue, this article says in part: "Ace is back with a discussion on the postoffice as a service, not a business.

"While we are taking a good 'ribbing' from the public and Congress in applying the old 'squeeze' in appropriations for postal operation expense, it would appear to be a good time for postmasters to do a little missionary work and acquaint the public with some facts concerning the postoffice and its relation to the government.

"First, it should be pointed out that the public, and not Congress, is the government, and while the public must have Congress as its representatives in running the government, it doesn't necessarily follow that those representatives of the public should ignore absolutely the fact that there is to be a public considered.

"It should then be pointed out that the postoffice system was established for the sole purpose of supplying a much needed service. It was not intended to be a means of producing revenue, although there were certain fees established which were to be collected for service that was rendered. It never was intended that the fees asked would be sufficient within themselves to maintain the postal department, but this fact seems to have been disregarded by Congress in making appropriations for the postoffice.

"You should point out that the Postoffic Department is one of the necessary branches of government, just as is the Army or Navy. The government frequently has need for an agency to do some special job, and when that need arises there is no objection from Congress if the postoffice be given the assignment. For instance, and within memory, we might mention the distribution of adjusted compensation bonds to veterans of World War I, registration for social security, unemployed census, alien registration, sale of war bonds and war savings stamps, sale of revenue stamps, bird stamps, auto stickers, etc.

"There are probably countless other government services which we may be called upon to perform, without additional appropriations, but at no time have we heard any postmaster refusing to "jump in and work."

"Then you must not forget to call public attention to the fact that it's the postal service that keeps the Merchant Marine going and it's the postal service that keeps the planes in the air.

"And you should let the public know that Congress is being unfair with you and with the postal service when they attempt to mislead you into believing that the postoffice department is a business that should turn in a profit for government use. Naturally, we are expected to pay our own way as far as possible, consistent with good service, and it is not possible to furnish the public with the service they demand, and to which they are rightfully entitled, unless Congress gives us some help. Our revenue is not sufficient to carry on proper service and at the same time do various other duties which the Congress finds necessary to delegate to us.

"The public must understand that the handling of mail is a service and the people will get exactly the amount of service they are willing to pay for. Congress has been reluctant to give us the necessary aid, and takes refuge in the old alibi that the postoffice always 'operates at a loss.' This is not true, and members of Congress know it is not true. It is our job then, as postmasters, to do what we can to acquaint the public with the facts."

Some Business Briefs

Here are some bits of business information gleaned from press dispatches:

New Yorkers, alleged to be blase and sophisticated, have just paid a record sum to see the circus. The "greatest show on earth," ending its 33-day stand at Madison Square Garden, played to 924,000 people and the highest box office receipts in its history . . . Action of the Jones & Laughlin Steel Corp. in filing suit against two individuals ,one in Chicago and the other in Detroit, alleged operators in gray market steel, might well be of real help in breaking up gray markets in many lines . . . "It appears that nothing is more certain than coal strikes," declares the midmonth business bulletin of the Cleveland Trust Co. . . . As April ended, there were 58.3 million people employed in the U. S. . . . Experts continue to give out with figures proving that the wheat crop will again be bumper, and continue to expect lower prices for that all-important commodity. But elsewhere on the commodity front, the talk is all of higher prices . . . Fine wool is scarce and the price responds to buying . . . Black pepper, which created considerable excitement a few years ago, is again in the headlines . . . Washington shows no disposition to use the curbs inherent in the banking system; politicians like to inflate, but they fear any deflationary action as they do the plague.

Employes Get Lower Tax Withholding Tables for Year

V. Y. Dallman, collector of internal revenue, eighth district of Illinois, is daily receiving inquiries by letter and telephone pertaning to changes under the new income tax law. As the lower tax liability of every employe will result in a lesser amount of withholding, employers are anxious to receive the new withholding tax tables.

Collector Dallman states that the employers will have to put this reduced withholding into effect for all wages paid on or after May 1, 1948. He further advises employers that these withholding tax tables have been mailed to all employers of record in his district prior to May 1, and in time to be applied to wages paid on or after that date. Arrangements have been made by the collector to mail withholding tax tables immediately upon receipt from the Bureau.

Collector Dallman states that in the case of a payroll period, which starts before May 1, but ends on or after that date, it will involve the new rate of tax. The fact that part of the wages was earned before May 1 is of no significance.

QUESTIONS AND ANSWERS FOR VETERANS

This is another in a series of questions and answers regarding the rights of ex-servicemen and their families, as answered by Howard Bond, Veterans Employment Representative, Illinois State Employment Service, 220 N. Vermilion St., Danville. For further information, contact Mr. Bond. In this series, the ISES attempts to answer questions most frequently asked by ex-servicemen and women.

Question: My son got a terminal leave bond, but before he could cash it, he was killed in an accident. Can I get it cashed?

Answer: Yes. Payment will be made to certain survivors upon application. You may hold the bond until its maturity date at 2½ per cent interest if you desire.

Question: I am a veteran with arrested pulmonary tuberculosis and I'd like to know if I can get any compensation from the Veterans' Administration.

Answer: Yes. The VA can make full compensation payments to veterans who have been discharged from its hospitals with arrested tuberculosis up to two years after date of discharged if claim is filed and allowed by VA.

Question: What are the minimum and maximum amounts of government insurance I can take out? I'm a World War II veteran.

Answer: The inimum for National Service Life Insurance is $1000 and you can get more in multiples of $500 up to $10,000.

Question: Can a veteran enter business with non-veterans and obtain a guaranteed loan?

Answer: Yes, provided the interest of the veteran is properly protected, but the guarantee must be limited to the veteran's portion of the business.

Question: Are men who entered the service while living on Guam entitled to any bonus?

Answer: No bonus has been voted by Congress for any men who entered the armed services as residents of Guam.

Question: May a veteran receive free medical treatment in an Army hospital?

Answer: No, a veteran may only receive treatment in a VA hospital.

Question: If a veteran who is receiving a disability pension from the government re-enlists in the service would he lose his pension?

Answer: Yes, a veteran would lose his pension if he re-enlists in the service. The law prohibits the payment of two federal payments at one and the same time.

Question: Will the VA pay hospital expenses for a veteran who has been injured while taking OJT?

Answer: No, However, if a vet has a service connected disability the VA may furnish or authorize hopsitalization.

Question: May a woman who served as a WAAC before it was terminated to become the WAC receive GI benefits?

Answer: No, she is not eligible for benefits under the G. I. Bill.

Question: Is it possible for a veteran to receive OJT in a business he owns?

Answer: No, it is not possible.

SPRINGFIELD — Gov. Dwight H. Green has issued a proclamation requesting the people of Illinois to carry out the customary observance of Memorial Day. The governor pointed out that since May 30 comes on Sunday, the following day, Monday, May 31, will be a legal holiday and the observance of either or both days is appropriate.

"The soil of Illinois is hallowed by the dust of heroes who fought in our Nation's every armed conflict, from the Revolution down to our own times," the governor's proclamation said.

A generally favorable spring outlook for Illinois farm crops is shown in the May report of the State and Federal Departments of Agriculture. Present prospects indicate a winter wheat crop of 32 million bushels, which is well above last year's harvest of 28 million bushels, and the 10-year average of 29 million bushels.

An increase of about 5 per cent in the oats acreage in the principal oats-producing area of the state is reported, with condition of the growing crop average or better.

The Swedish Pioneer Centennial Association has prepared extensive plans for a centennial celebration to be held in June in a number of Illinois cities and communities. The celebration will pay tribute to the memory of the Swedish immigrants who settled in the American Midwest, and notably in Illinois, a century ago. The year 1848 was a high point in this immigration.

April coal production of Illinois mines totaled 3,721,374 tons, according to the monthly report of Robert R. Cruse, state director of mines and minerals. The March production was 3,531,889 tons. The April output came from 21 strip mines employing 3309 men and turning out 936,189 tons, and from 73 shaft mines employing 22,071 men and hoisting 2,785,185 tons.

The cost of medical care given to citizens of Illinois during March under various assistance programs totaled $766,994, according ot Carl K. Schmidt, Jr., executive secretary of the Illinois Public Aid Commission.

Of this amount, $500,281 represents care provided under the old age pension, aid to dependent children, and blind assistance programs, while $266,713 was expended under the heading of general relief.

The Illinois civil service commission announces that it is accepting applcatons for open competitive examinations for the following positions:

Bacteriologist; chemist; chemistry aide; deputy claims reviewer; engineering aide; executive, special investigations, division of unemployment compensation; laboratory technician; milk sanitarian; sanitary engineer; serologist; unemployment claims deputy; unemployment claims examiner; unemployment compensation offices supervisor; and x-ray technician. Application forms may be obtained from the office of the commission, Armory building, Springfield.

There is no evil we cannot face or fly from, but the consciousness of duty disregarded. —Daniel Webster

"Never Too Old for Church School" Says Illinois Title-holder

FREEPORT, ILL.—John H. Ryan, 99 next December, the oldest Methodist Sunday school attendant to be nominated in a state-wide inquiry, is given recognition by denominational headquarters.

The presentation of a copy of Sallman's "Head of Christ" is made in behalf of the church's publishing house by the Rev. Dr. Ralph Collis of Chicago, executive secretary of the Rock River Conference Board of Education.

Similar awards are being made in other states in connection with the April-May "Crusade for Christ" which is stressing the values and importance of adult attendance at church school.

"Your life-long loyalty will inspire the 37,975 schools of our Church in their effort to interest older people," Mr. Ryan was told in an informal citation from the director of the department of Christian Education of Adults, Dr. M. Leo Rippy, of Nashville, Tenn.

What's New on New York Central?

(Snapped by your Central photographer)

CURRYING TODAY'S IRON HORSE. A new 2,000 horsepower Diesel-electric passenger locomotive gets a final grooming with live steam before starting its run through "Central-land." This sleek giant is typical of the 192 new freight and passenger road Diesels ordered by New York Central at a cost of over $48,000,000. More than half are now in service...the rest are coming soon to head up Central's new streamliners, dreamliners and fast freights. These new Diesels are joining New York Central's already vast fleet of 2,495 electric, steam and Diesel road locomotives to make up the mighty force of motive power that highlights the NEW in New York Central.

CHRISTIAN SCIENCE CHURCHES

The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 23, was:

"SOUL AND BODY"

The Golden Text was:

"What agreement hath the temple of God with idols? for ye are the temple of the living God" (II Cor. 6: 16).

Among the citations which comprised the Lesson-Sermon were the following from the Bible:

"This I say therefore, and testify in the Lord, that ye henceforth walk not as other Gentiles walk, in the vanity of their mind, Having the understanding darkened, being alienated from the life of God through the ignorance that is in them, because of the blindness of their heart . . . . and be renewed in the spirit of your mind: And that ye put on the new man, which after God is created in righteousness and true holiness" (Eph. 4: 17,18,23,24).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"If the material body is man, he is a portion of matter or dust. On the contrary, man is the image and likeness of Spirit; and the belief that there is Soul in sense or Life in matter obtains in mortal, *alias* mortal mind, to which the apostle refers when he says that we must 'put off the old man.' . . . The material body and mind are temporal, but the real man is spiritual and eternal." (pp. 172, 302)

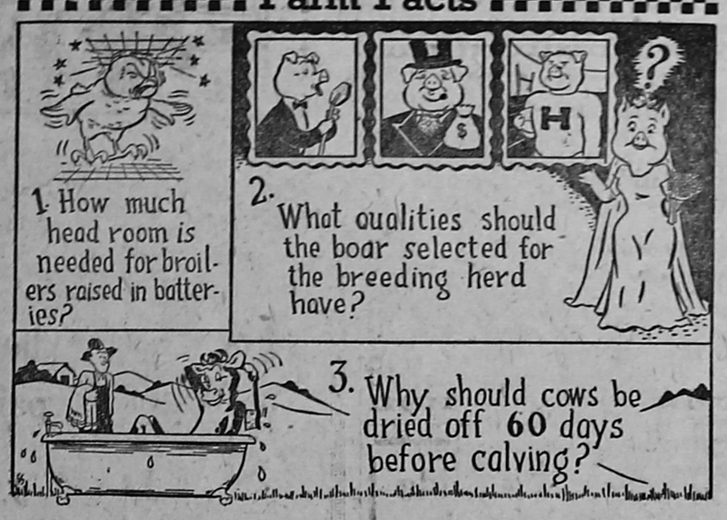
Farm Facts



1. Head room depends, of course, upon the age of the chick. We recommend 11 inches of head room for starting chicks and 14 inches for chicks from six to 12 weeks of age. Broilers should not be left in batteries after they reach 12 weeks.
2. The major factors to consider in selection of the herd boar are:
   a. Individuality, or outward appearance.
   b. Ancestry, or the inherited ability to produce strong, healthy and desirable offspring.
   c. Performance record, or the test of production.
3. It is during this period that the unborn calf gains 2/3 of its birth weight. Proper conditioning of the cow during this dry period will increase milk production. Tests at the research farm of the Ralston company show that 100 pounds of extra condition (over the weight of the of extra milk after freshening. will mean approximately 2,000 pounds calf) during this 60-day dry period

Work on Slab Road May Get Start Soon

Contract Awarded For Four Bridges

Right-of-way negotiations for the slab concrete paving of the 2½ miles of road through McKendree township, running from the Mill St. road east of Georgetown, are proceeding satisfactorily, it is stated, and details are expected to be completed within the next month.

As soon as weather conditions become settled, it is expected that the McCalman Construction Co., Danville, will proceed with the work on the four bridges involved in the improvement. The company was low bidder at $59,886,29, and has been awarded the bridge contract. The contract includes the building of three detour roads around the bridges for the construction period.

Other bids on the project were Contracting Construction Co., Danville, $65,562.70; Danville Construction Co., $70,574.10; and R. P. Devine, Watseka, $63,740.90.

This highway improvement has been of outstanding interest to this vicinity and many residents of McKendree township.

This is said to have been the first noteworthy improvement project for the roads in that area since the plank road was built from Georgetown to Perrysville in the early 1880's.

'Hot Rods' to Roar On Danville Track

Hot rod auto racing, hotest sport on the west coast invades the midwest this week and will be presented at the Danville Fairgrounds' half-mile oval Sunday afternoon, May 23.
(Special)

Hot rods are really standard roadsters which have been converted by the use of special speed equipment to attain speeds of more than 100 miles an hour. They will be piloted by big car and midget chauffeurs who have a knack of wheeling these tricky speed chariots around the lightning fast oval in an effort to shatter all existing records for races of this type.

All cars have been stripped of fenders, headlights and unnecessary items; have acquired four carburetors, special cams and embody special features known only to each driver, to derive lightning-fast speed.

Competition is open with the races sanctioned by the Rolling Roadster Association of Chicago. Eight events are scheduled with standing or flying starts in the heat races. Warm-up sessions start at noon, time trials at 1:30 and the first event at 2:30 p. m.

Georgetown Briefs

The Summer Band School will start on June 13 after a vacation for the band students during the first two weeks of June.

Earl Houts, music director of Georgetown Schools, says that all indications are that this year will see the largest enrollment of any previous summer band schools in Georgetown. The summer rehearsals will be held in the cool basement rooms of the high school.

The music department has received a letter from the State Fair inviting the Georgetown band to again take part in the State Fair contest this year.

Elmo Snoook, chairman of he boys' and girls' committee of the Lions Club, is trying to arrange for an outing for the band at one of the large parks this summer.

A Gold Star luncheon was given Friday at Snook's Cafe by the Georgetown American Legion Auxiliary in honor of the 17 Gold Star members in the community. All of the members were present except Mrs. Herbert Eliott, who is a surgical patient at Lake View Hospital.

The gold color was carried out in the table decorations and also the beautifully decorated cake made at the Parke Bakery. This huge cake was frosted with a large gold star on a white background and USA in yellow in each corner.

During the meal there were musical recordings played, and immediately following Mrs. Ivan Burch, past president, gave the opening remarks and was answered by Mrs. Walter Radomski. Miss Barbara Jones entertained the group with a humorous reading.

Those present besides Mrs. Burch and Mrs. Radomski, were Mesdames James Switzer, Paul Cook, Doc Hess, Albert Humrichous, William Crain, Ambrose Morgan, Pete Stark, Tony Cebulski, George Gardner, John Endzelis, Lizzie Colvin, Eldon Emory, John Jonikas and Lydia Wimsett and the Misses Wanda and Winifred Jonikas and Barbara Jones.

Mesdames Ross Macklin, George Gardner and Walter Radomski attended the county meeting at Fairmount last Thursday evening.

The regular meeting will be at 8 p. m. Tuesday, May 25, in Legion Hall with an executive board meeting at 7 p. m. All members are urged to be present to make final plans for Poppy Day and Memorial Day.

There will be an all-day District meeting at the Methodist Church in Casey, Ill., Thursday, June 3. All members desiring to go are asked to contact Mrs. Radomski not later than Tuesday, May 25, to arrange for transportation on the bus.

Pete Stark met with a painful accident Saturday at his home. While mending a dish pan, a screw driver slipped and pierced his hand.

Miss Mary Jane Allen will give a reception at her home at 7:30 p. m. Tuesday in honor of the 25th wedding anniversary of her parents, Mr. and Mrs. Elmer Allen. About 50 relatives from Westville, Central Park, Kingman, Ind., and Los Angeles are expected to be present for the occasion.

Raymon Houghton of the Houghton Funeral Home, Georgetown, one of five of the younger funeral directors in the state to speak at a panel discussion at the Illinois Funeral Directors Association convention to be held next Tuesday, Wednesday and Thursday at the Abraham Lincoln Hotel in Springfield. He will speak on "Public Relations." Other speakers will be from various points in Illinois.

Raymon is the president of the Vermilion County Funeral Directors Association.

The commencement exercises of the Georgetown High School will be held at the high school Thursday evening, May 27, at 8 o'clock (daylight time).

The program, which is being prepared in the music department under the direction of Earl Houts, music director, will be published next week. In this program the commencement theme will be interpreted by music rendered by the schoool music organizations, assisted by student narrators.

Brief addresses will be given by three honor students of the graduating class, Miss Ann Spang, Don Finley, and David Snyder.

It will be arranged for honored guests of the seniors to have seating reservations in a special section. Other guests will be accomodated as far as facilities will permit.

The gym will be used for the commencement exercises.

From where I sit ... *by* Joe Marsh

Take Your Choice, Neighbor!

The missus—who writes our Woman's Column in the *Clarion* under the name of "Nancy Gale"—gets letters about recipes, advice on etiquette, home management, etc.

One letter she got last week was about a recipe she published for Welsh Rarebit—made with tart cheese, Worcestershire, and a cup of sparkling tangy beer. "Turned out great," says her correspondent. "But you didn't mention what beverage to serve *with* it. Should I serve beer? Cider? Iced tea?"

The missus' answer was simply: "Any beverage your guests prefer. You don't *have* to serve cider—any more than you *have* to serve beer ... but it's often courteous to let guests have a choice."

From where I sit, that simple answer applies to more items than Welsh Rarebit. In a world where everyone has different tastes and ideas—we should *recognize those differences*—and never deny the right of choice to anyone!

"Yes...electricity is cheap, surprisingly cheap—TRULY ONE OF TODAY'S BIGGEST BARGAINS"

ONLY ONE CENT OF EVERY DOLLAR spent by the average family goes for electricity! Surprising to many folks—but an actual fact!

Even though living costs have sky-rocketed, the price of electricity has remained low. In fact, today you get twice as much electricity per penny as you did 10 years ago!

And for every cent you spend on electric power, we endeavor to render the best service possible, in the face of vital scarcities in skilled manpower and essential materials.

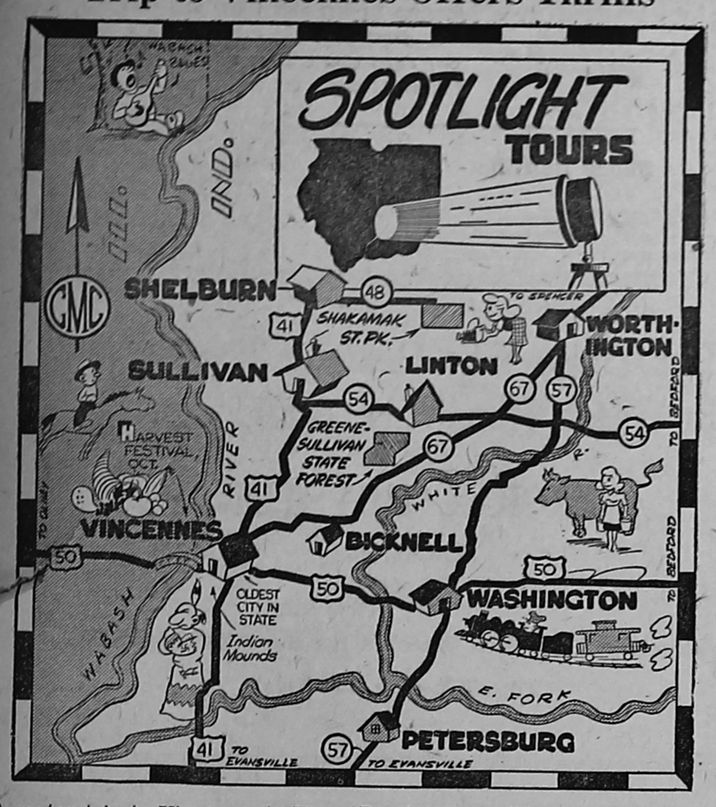
Trip to Vincennes Offers Thrills



A motor trip to Vincennes in Knox county, Indiana, is to convert the automobile into a time machine transporting its passengers back to the settlement of the Northwest Territory early in the 18th century, according to the touring bureau of the Chicago Motor Club.

Historical landmarks, memorials, old homes and public buildings that are outstanding examples of early american architecture, and vestiges of Indian Civiization before the days of the white man carry the visitor through many stirring events of major historical significance, extending from the arrival of the French in 1732, through the Revolutionary War period, to the brink of the Civil War.

Four of the largest Indian mounds in Indiana flank Vincennes to the east and the south. Sugar loaf Mound on State highway 61, one-half mile east of the city limits, is the most picturesque. Pyramid Mound, about a mile south, not only is the largest, but it is exceptional for the symmetry of its conical shape.

Harrison Mansion, at Park and Scott Sts., house an exhibit of pottery, skeletons, arrowheads, necklaces and other primitive Indian paraphernalia excavated from Pyramid Mound. Built in 1804 by William Harrison, the ninth president of the United States, the mansion is a museum of local history.

Occupying part of the site of Fort Patrick Henry, erected in 1732 by the French, George Rogers Clark Memorial is a 20-acre plaza commemorating in statuary and murals the exploits of George Rogers Clark in the Revolutionary War.

Near the Clark memorial is Lincoln Memorial Bridge, with Lincoln Trail Monument on its western approach. The Lincoln family crossed the river at this point in 1830 when they moved from Spencer county, Indiana, to Sangamon county, Illinois.

Excellent specimens of early American architecture are Old Cathedral on Church St., the finest structure in Indiana when it was erected in 1828, and Bonner, Allison Mansion, 5th and Main Sts., built in 1842. Abraham Lincoln was a frequent visitor at the mansion.

Old French cemetery at the west side of the cathedral and Greenlawn cemetery at 9th and Bayon Sts., contain the graves of many persons prominent in the pioneer development of the nation and this region.

Harrison Park is the site of Territorial Hall, first capitol of the Indiana territory. Erected about 1800, the building housed the first meeting of the Territorial Legislature in 1805. It has been faithfully restored to its original appearance. Many of its original furnishings have been preserved.

Cathedral Library is the oldest in Indiana. Half of its 5000 volumes were printed before 1700, and the remainder no later than the 18th century. Among these valuable documents are some printed as early as the 15th century.

Vincennees takes its name from Francois Morgan de Vincennes, commandant of the first fort under the French flag in 1732. With the fall of Quebec to the British, it was renamed Fort Sackville and finally Fort Patrick Henry when it was captured in 1779 by Gen. George Rogers Clark.

What we have in us of the image of God is the love of truth and justice. —Demosthenes

A FLY KILLER AND DISINFECTANT, TOO
Why waste money on expensive DDT mixtures to kill flies? Carbola-DDT (2% DDT) is *guaranteed* to kill them at low cost. Proven in thousands of tests on farms by county agents. Natural adhesiveness of our special mineral carrier causes Carbola-DDT to stick to wall, ceilings. This gives you the *residual*, long-lasting DDT recommended by authorities. Continues to kill flies, mosquitoes, spiders for months. Simply mix Carbola-DDT powder in water and apply with brush or sprayer. Dries white. Costs approximately 3 cents to treat 25 sq. ft. No oil, no fire risk. Use in cow barns (cuts need for cow spray 50%), poultry houses, rabbitries, pigeon lofts, outdoor toilets. And paint your cellar and dog house.
DESTROYS DISEASE GERMS, ODORS
Carbola-DDT also contains a disinfectant which kills germs of disease that afflict cows, poultry and other livestock. Used for a quarter of a century as Carbola, the disinfecting white paint, by agricultural colleges, hatcheries and thousands of farmers. Now it does three jobs for you in one easy operation: (1) Kills flies (2) Destroys disease germs (3) Meets whitewash sanitation requirements of Board of Health. Used also as a dry dip, deodorant and soil treatment.

Floral Gifts Lead On Mother's Day

Services,Reunions Also Feature Observance

The community paid tribute in a number of ways May 9 to mothers and to the memory or mothers. In scores of homes, there were gifts, special dinners, reunions, homecomings. In the churches, there was the reminder of Mother's Day, where special recognition was given to the day. Children in many instances attended services with mothers.

Not the least of the tributes were the floral remembrances. Hundreds of cut flowers, plants and corsages were presented. Burgoyne's Flower Shop was rushed with orders Saturday, Saturday night and well into Sunday afternoon. The entire force worked throughout the night Saturday preparing the orders that came in for Mother's Day. It was not until Sunday afternoon that Philip Burgoyne and his organization could rest.

Mr. Burgoyne states that the observance of Mother's Day in Georgetown for many years has exceeded even Easter Sunday as far as the volume of floral orders is concerned. The community has been particularly alert to Mother's Day gifts, it was stated, for a period of at least 15 years. Burgoyne's Flower Shop now does a considerable wholesale business in communities nearby as well as to a number of points in western Indiana and elsewhere.

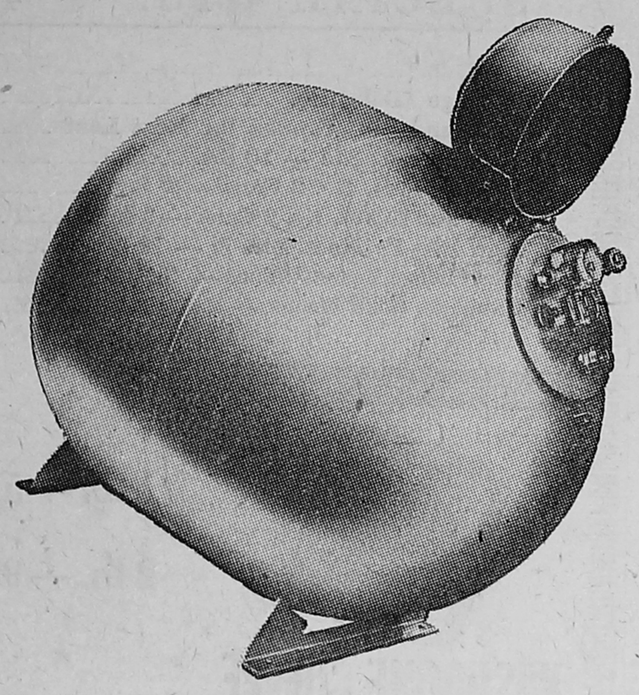
BOTTLE GAS 5c IN WESTVILLE

INSTALL YOUR OWN TANK

FILL IT ONCE A YEAR FROM OUR TANK TRUCK

Bottle gas prices are not high, when you consider all the handling and time required for service Propane price has been increased three times and freight rates have advanced twice. Therefore your price per pound you pay your dealer, has of necessity, been increased. He still makes no large profit.



These tanks hold 439 lbs. of gas, which is a year's supply for the average family. Your cost is $22.16 including tax, for one fill.

No more running out of gas, as you can SEE how much remains in the tank.

They meet the requirements of American Society, Mechanical Engineers.

National Board of Fire Underwriters standards permit these tanks being placed right next to your home. THEY ARE SAFE.

TRAVEL AND HANDLING FOR A BOTTLE OF GAS TO REACH YOU

Propane goes by tank car or transport from refinery to bottling plant. Bottles are filled and trucked to a central point. Dealer then gets them into his possession by his own pickup, or via freight or truck. When you run out of gas, you get it from your dealer. From refinery to you, a small profit must be charged for each operation. Also, the owner of the bottle, plus the owners of all equipment handling propane between you and the refinery, must add enough cost to replace the equipment. We repeat: bottle gas is not high.

GET OUT YOUR PENCIL AND DO SOME EASY ARITHMETIC

Do Your Investments Pay 10 Per cent Upward?

Tank, regulator **and 439 pounds of gas** cost less than $165.00, meaning that you are losing MORE than 10% on an investment, if you use as little as 400 pounds a year, at 9c a pound. After completing blank space as to your own experience, decide what percent an investment must yield to make it attractive to you. Then come in and see if our price meets your investment standard, plus no more running out of gas during preparation of a meal.

REMEMBER!

No one who bought equipment from us was out of gas longer than it took our truck to reach them. We receive propane by tank car and transoprt and our own truck hauls from two refineries.

A. E. Snell, Retired Postal Clerk, Dies; Funeral Thursday

Albert E. Snell, a resident of this vicinity throughout his life, died Monday, May 17, at St. Elizabeth Hospital where he had been a patient for about a week. He was 86 and a retired railway postal clerk.

Since the death of his wife in 1941, he had been making his home with one of his three children, Mrs. Reva Richards, Catlin. His other children are a daughter, Mrs. Edna Jessup, Westville, and a son, Lester E. Snell, Kansas City. He also leaves a sister, Mrs. Zora Hughes, Catin; 12 grandchildren; and 11 great-grandchildren.

Mr. Snell was born, Oct. 13, 1861, the son of Carl and Mary E. Hendricks Snell, in Danville, but later made his home in Catlin. He was married June 11, 1884, to Effie E. Church. His wife and daughter preceded him in death. He had been a member of the Catlin Methodist Church and the Catlin Lodge, AF and AM.

Funeral services were held at 2 p. m. Thursday at the Barrick & Sons Funeral Home, Danville. The Rev. Clarence Hall, Catlin, officiated. Burial was in Oakridge cemetery, Catlin. Masonic rites were conducted.

Funeral Tuesday For Alex Pocius, 76, Retired Coal Miner

Alexis Pocius, 76, a resident of Westville for many years and one of the oldest retired coal miners in this area, died Sunday morning, May 16, in Lake View Hospital, where he had been a patient for several days.

Since his retirement at Bunsenville mine in 1939, Mr. Pocius had been living with his daughter, Mrs. John Drawert, 14 E. Roselawn Ave., Danville. He had been a member for many years of Holy Cross Church, Westville, and the United Mine Workers.

He was born Apri[illegible] 1872, at Kaunas, Lithuania, ar[illegible]me to this country in 1903, fi[illegible]ettling in Pennsylvania. He came [illegible] Westville in 1912. He was married in [illegible]thuania to Julia Bagdones, who survives.

Also surviving are three sons, Anthony, who is in the Army, and John and Charles, Detroit; and three daughters, Mrs. Drawert; Mrs. Anna Klein, Fair Haven, Mich.; and Mrs. Estella Svboda, Cicero, Ill.

Funeral services were held at the Drawert residence at 2:30 p. m. Tuesday. The Rt. Rev. Z. K. Vipartas officiated. Burial was in Sunset Memorial Park. Rosary was recited Monday evening at the residence.

Body of Gold Star Hero To Be Returned to Georgetown

Word was received Wednesday night by the Houghton Funeral Home, Georgetown, from the American Graves Registration Service, Chicago, that the body of Pvt. Ambrose D. (Bruce) Morgan, son of Mr. and Mrs. Ambrose Morgan, who was killed in France in World War II, is due to arrive in Georgetown at 1:25 a. m. Tuesday for final burial.

The casket will be taken to the funeral home where it will be in state until the hour of brief graveside services at 9 a. m. Wedneesday in Georgetown cemetery, to be conducted by Rev. Stanley Majka, S. M. Memorial services were held previously in St. Isaac Jogues Church.

Out of Town OES Members At Catlin Chapter Guest Night

The Catlin chapter, Order of the Eastern Star, observed Guest Night in the Lodge rooms in the Masonic Temple Wednesday night. The Georgetown chapter officers filled the stations for the occasion. There was a large attendance.

Mrs. Isla Somers, worthy matron, and Paul Somers, worthy patron, of Westville, were guests of honor. Following the Guest Night ceremonies, a social hour was enjoyed, followed by refreshments.
