Vol. 19 — No. 25 | Georgetown, Vermilion County, Illinois | Friday, April 1, 1949

In Illinois at this season of the year, there are little groups of men (and women) here and there conniving, horse-trading and fencagling over the township, school and village elections. Who says small-town America shall be willing to trade this system for one in which they can't elect somebody at least once or twice a year—and crow about it afterwards

---

In our best hail-fellow, well-met manner, we greeted a resident of a nearby town Tuesday morning, one of those spring mornings when all nature seems to be in tune, and remarked on what a splendid day it was. "Yes," he replied gloomily, "but the weather report says we're gonna get more rain tomorrow."

"But," we argued persistently, "we might as well enjoy the magnificent sunshine of today, anyway."

"Yes, but the sun is most too hot for this time of year. It hurts a feller's eyes."

What can you do with folks like that?

If the legislature at Springfield decides to enact the law putting a speed limit on driving on Illinois highways, of 50 miles an hour at night and 60 miles an hour in daytime, as is favored by a committee of the House, a lot of our local folks aren't going to like it . . . Many others in the state also . . . Illinois, which now has no sped limit on driving, except a "reasonable and safe rate" of speed, has relatively no more accidents than states with strict limits . . . Common sense and a consideration for the other fellow, just plain politeness, seem to be what counts most. Anyway, every motorist wants to see what the motor on that new car can really do . . . If you want your dreams to come true—wake up! . . . If you haven't applied for that 1949 auto license, you'll get a warning from the state . . . The big, sound truck that bally-hooed for the tricycle basketball game, in the Westville High gym Thursday night, visited all the surrounding towns during Thursday afternoon and early evening . . . Ore Vacketa, president of the Westville Lions, was at the mike and his clear tones could be heard throughout eastern Illinois, western Indiana and points north and south . . . Character is what you are in the dark.

Law Professor: Before I take up your case, I should like to know what you would do with a man who has attempted to commit suicide.

Student: I think, your Honor, he should be compelled to support the child.

Jack Ellsworth called on a few of his friends Monday morning with one of the finest catches of crappies ever believed to have grabbed a bait in Eastern Illinois. The largest weighed 1¼ pounds, measured about 10 inches, more or less. Jack said it was a little windy or he would have caught much bigger ones.

Whatever you do, don't forget to vote next Tuesday at the township election. If you like those up for re-election who have been serving you in the past, give them an endorsement at the ballot box. If you don't like them, pick someone else—but do vote !!

Merchants' Five Plays 4 Games of 100-Point Scores

Westville Basketeers Hold Outstanding Record

The Westville Merchants completed a highly successful basketball season at the George Huff gym on Monday night, March 21, against a fraternity team. The Merchants chalked up their 20th victory against 14 set-backs, when they won by the lopsided score of 104-41.

G. Youhas, with 26 points, and Len Green, with 20 points, led the Merchants' scoring attack. Myron Browning, a student of the U. of I. and a former Westville High School student and athlete, was responsible for landing the game.

This was the fourth time during the season in which the Merchants have played in games topping more than 100 points. A 108-42 victory over a strong Chicago five, a 104-82 victory over a Germantown team from Danville, and a 108-85 loss at the hands of another Danville quintet, completes the list.

The Merchants team came about by the untiring efforts of Andy "Happy" Youhas, who collected donations from the business houses of Westville and theplayers on the team. The boys wearing the traditional orange and black jerseys were: Leon Haussy, Bob Marlowe, George Youhas, Albert Vassen Jr., Albert Czapski and Andy Youhas. Their steady attendance kept the team together through league play and outside competition. After the team had a few games under their belts, other players were added to the roost, namely: Charlie Quartier, "Duck" Rimshas, Bob Mitchell, "Beans" Branin, Myron Browning, Bob Haworth, J. Jasek, Rich Emery, T. Burton, Len Green and P. J. Dowiatt.

Township Local Option Drive Is On

The local option pre-election campaign in Georgetown township is being speeded up with both the dry and the wet supporters more energetic in bringing presure on the voters. The last few days have seen a considerable stepping up of the campaign.

The outcome will have little or no immediate effect on any establishment at which liquor is sold, except the Am-Vets Club, just north of Georgetown. The Am-Vets organization, however, is conducting an active campaign against a "dry" majority, although the veterans' organization points out that liquor is not consumed during the meetings and that only club privileges are exercized with regard to the dispensing of liquor.

The question to be submitted Tuesday, April 15, is: "Shall the sale at retail of alcoholic liquor be prohibited? Town of Georgetwn outside the corporate limits of Belgium, Westville and Georgetown." Consequently, only the voters outside the three municipalities will be given the local option ballots, the election judges to decide on that phase of the voting.

It has been difficult to survey accurately the prevailing sentiment in the township on the local option question. A considerable part of the voting ppulation in the township, outside the three municipalities, has indicated an indifferent attitude, whic may change considerably before next Tuesday.

Dear Voter:

Thousands of years ago, man learned that he was a social animal. He enjoyed getting together with his fellow human beings to discuss the world and what was in it. He also learned that men with common interests could accomplish much more as a group than as an isolated individual. We have in our country a great number of organizations: The Woman's Club, The Lions Club, The Rotary Club, The Masonic Lodge, The Odd Fellows, The Elks, The Moose, and the greatest Organization in the world, founded two thousand years ago, the Christian Religion.

On any Sunday morning throughout the entire United States you can see groups of men, women and children walking and riding to a church of their choice as the bells sound across the farm lands, the small towns and the large cities. This is good, this is America. The schools, the home, the churches, the bowling club and other organizations are the things that we G.I.'s thought about during our war years. These are the things that we fought for, these are the things we longed to come home to for years.

Now we are back. We had some experiences. Some of these are nice to look back upon, some are horrible. We have formed an organization of our own because we have common interests. Yes, we still belong to other organizations. But we like our veterans' organization, too. We feel that there is real need in south Vermilion County for a vibrant, working, sincere veterans' organization such as ours. We fought for a good government during the war; we want to fight in peace to keep it that way. We fought for our schools, homes and churches during the war; we want to fight in peace to improve them. There are hundreds of veterans in this end of the county that need the service that we can render. Some veterans need their teeth fixed, some are not getting enough pension for their service-connected disability, some want to get in under the G.I. Bill. We have set up a service department to assist in any way we can to cut through red tape to get these things done. Often a veteran doesn't have the know how or time to write letters or do the leg work necessary to accomplish these things. We can't perform miracles but we can help. We have set up an Americanism program to help impress upon ourselves and our community the greatness that is America. To keep our sense of appreciation high for this good land of ours and the importance of our community in the scheme of things. Our Auxiliary is growing and as they grow in number they grow in activity. Parties for children, such as our Cristmas party on the Georgetown Square last Christmas, Hospital work, selling White Clover for Disabled veterans and helping we Am-Vets to carry out our programs. Such little but important things as keeping our uniforms pressed and ready for military funerals for our buddies who made the supreme sacrifice. Our general aims and principles can be listed as follows:

To assist Veterans whenever and wherever possible.
To Fight for real Americanism.
To lend our time and services to our local community.

Now it is true that we have not accomplished as much along these lines as we would like, but Rome wasn't built in a day. We are trying to lift ourselves by our own bootstraps. We are accelerating our program as rapidly as we can. We are young men and as such we make mistakes. But we are not forgetting our purposesand are trying to learn by our mistakes.

Now, considering the Local Option in the Georgetown township: We are not considered drys. Veterans organizations the world over do a considerable amount of drinking. But we are not drunkards. We enjoy a bottle of beer the same as other people. Rumors have been flying around the township about the horrible things that have been going on at the Am-Vets. But like most rumors, they have been distorted and are untrue. I don't like to think that anyone is intentionally trying to smear us. I just like to think that some people don't understand, and that those rumors, like most rumors, just grow as they go from person to person. I like to think that most people are too intelligent to form a real judgment on unsupported evidence.

There are in Vermilion county one hundred and fifty-five bars serving Al. B. Of these 155 there is only one that will be voted upon. That is ours. And we feel that it is certainly unjust to single us out and deny us the right to group together and purchase our beer while there are 154 remaining in the county. Especially when our profits go for worthwhile projects. The story is being circulated that we can still operate even though the township is voted dry. This is based on misinformation. We would be placing ourselves in the position of bootleggers and defying the very law that we spent years of our lives defending. We certainly don't think the township should place a veterans' organization in that position while 154 taverns are operating with full legal standing.

So back your veterans. We don't ask for much but we do ask for the opportunity to prove to this end of this county that we are honest, sincere and worthwhile.

Sincerely,
Am-Vets Post 146

John R. Norris, Commander

Remember How We Talked?

It went like this at the Hooper's the other night. Hap's eighteen-year-old daughter is talking about "a real gone guy—solid—out of this world, but def."

"Now what kind of language is that?" Hap barks. "Can't she speak English?"

"I'll translate it for you," Ma Hooper says, "in the language of the twenties, when *you* were about twenty years old. She simply means this fellow is the 'cat's whiskers.' Remember how *we* used to talk sometimes?" Hap went back to reading his newspaper.

From where I sit, it's easy to criticize the other person when we don't take a good long look at ourselves. Sure, there'll always be some differences. I'm fond of a temperate glass of beer and maybe you would prefer ginger ale—but let's just live and let live. Because when we go out of our way to find things to find fault with in others, chances are they can find a few in us, too.

TO THE VOTERS OF GEORGETOWN TOWNSHIP

I respectfully submit to you the following information concerning myself, so you will be able to decide whether or not I am able and qualified to serve you as your Township Clerk for the next four years.

I was born in Westville, Ill., June 8th., 1905. I have lived in Georgetown Township continually, with the exception of two years, when I resided in Carroll Township. I am married and have two children, Bennie III, a Freshman at Blackburn College, and Phyllis Ann, a senior in Georgetown High School. I own my property at 409 Garfield St., Georgetown. I was employed as company weighman and worked in the Pay Roll office of the Bunsenville mine for 20 years. I am presently employed at the General Motors plant at Tilton, Ill. I graduated from Georgetown High School in 1924. I have served on the Board of Education for 13 years, the last 8 years serving as secretary. My books are kept up to date, neat and available for inspection by any qualified voter of the High School District. I would keep the Township records in the same manner.

Remember in some countries it is the **Iron Curtain,** in the United States of America, it is the **Canvas Curtain** that rules. Ours is the only country in the world where**you** can use your own judgment to elect Men or Women to the highest office in the land or to the local offices.

It is your duty as an American Citizen, as the Mothers and Fathers of the Future leaders of our country, to vote for the person that **you** as an individual **Think** is most qualified for the office.

I would appreciate your vote, **but** I am only asking you to examine my qualifications and those of my opponent and then **Vote** for the best qualified according to your own **Thinking.**

Sincerely,
Ben Edwards, Jr.

Town Meetings In Illinois Provide True Democracy

By H. W. HANNAH
Economics, University of Illinois
Associate Professor of Agricultural

On April 5, the first Tuesday in April, the electors (voters) in Illinois townships will have an opportunity to vote on a budget and appropriation ordinance for the township for the next year and to elect a town clerk, assessor, justices of the peace, constables, and in some townships supervisors and assistant supervisors.

Farmers constitute a high percentage of the voters eligible to participate in these town meetings, and most of the business of the township is of primary importance to rural areas.

Here are some facts which every voter in the township should know:

1. One week prior to the town meeting—March 29 this year—the budget and appropriation ordinance as prepared by the board of town auditors (supervisor, clerk and justices of the peace) must be available for public inspection at the office of the town clerk. The township supervisor's financial statement and the highway commissioner's report are available for inspection during the same period of time and at the same place.

2. Two days prior to the town meeting the financial statement of the supervisor must be posted at the place of the town meeting.

3. Prior to the meeting, at least one public hearing on the budget and appropriation ordinance must be held. This is customarily held on the day of the town meeting, sometimes as a part of the meeting. However, the law implies that the hearing should be separate.

4. The election of town officers is conducted under provisions of the general election law, and polls must be open from 6 a. m. until 5 p. m.

5. The town meeting must be held at 2 p. m.

6. The principal items of business considered by taxpayers at the town meeting are the approval of the budget and appropriation ordinance, and voting the tax levy to provide necessary funds. However, there are many other powers that can be exercised—changing the height of legal fences, prohibiting domestic animals from running at large, and establishing rules on noxious weeds.

Although the town meeting is one of the few outlets through which a citizen may act directly rather than through representation, experience in many townships indicates a lack of interest on the part of town electors.

Illinois laws on township and town meetings are contained for the most part in Chapter 139 of the Illinois Revised Statutes.

Snook Presents Better Community Party Principles

Elmo Snook, candidate for Mayor of the City of Georgetown, on the Better Community Party ticket, in the election to be held April 19, 1949, has announced some of the principles on which he and his party candidates stand, and for which they will strive to gain accomplishhment.

"These are not promises," he said. "They are objectives toward which all of us on the Better Community ticket will work."

Some of these things are:

1. As long as we have a competent attorney living here, we should not spend lawyers' fees outside of town for a city attorney.

2. The City Waterworks System should be operated on a business basis, free from politics. It's the biggest business operation in town. The water superintendent should serve as a maintenance man, supervising and directing operations. Policies of the water department should be entirely in the hands of the City Council and the Mayor. We believe that no citizen should be deprived of water service, if it is humanly possible to furnish such service to all our citizens who desire it, and who are able to pay for it.

3. City police should be in uniform and have a fast police car, furnished by the city.

4. City streets should be kept clean. They should be cleaned periodically. The Public Square should always have a neat, clean appearance. Every citizen should take pride in keeping our streets and alleys clean.

5. Recreation facilities for our young people to enjoy in their home town. It should not be necessary for our young people to have to go to other cities and towns for their recreation.

6. All inducement possible should be extended to small industries that may be interested in locating here.

7. All members of the City Board and the Mayor should be in complete co-operation. The Better Community ticket believes that the majority opinion of the Board, not that of any single individual, should be considered the opinion on which to act.

The Better Community Party is the only one in this Election having a full ticket. The complete ticket is as follows:

For Mayor — Elmo Snook.
For Clerk — Harmon Stark.
For Alderman, Ward 1 — Bob Warren.
For Alderman, Ward 2 — Les Pringle.
For Alderman, Ward 3 — Paul Galyen.

Vote for the Better Community Party ticket on April 19!
